South Elementary School

Mission:

Together We Lead! Together We Rise!

Vision:

Eldon South Elementary will be an exemplary school by focusing on student achievement and fostering a culture of continuous improvement. This will be accomplished through the unified efforts of staff, students, parent/care providers and community leaders.

Goal:

South Elementary School will use the Rigor, Relevance, and Relationship Framework within the Model School philosophy as developed by the International Center for Educational Leadership to:

- a. Encourage students at South Elementary School to maintain attendance of 94% as measured by Student Information System (SIS) records.
- b. Aid students at South Elementary School in meeting Annual Progress Report (APR) target goals in English Language Arts and Mathematics as measured by state testing data.
- c. Develop an educational foundation in which at least 80% of students at South Elementary School will function with grade level appropriate skills in reading and mathematics based on Missouri State Standards as measured by student achievement data.

School Information

Books

All books are loaned to students free of charge. Students are responsible for replacement costs of lost or damaged books.

Classroom Parties

Each grade level is permitted to have three (3) parties a year – Fall, Winter, and Valentine’s Day. In the interest of providing a healthy environment, snacks brought by students or parents to share with other students or treats for parties should be purchased at a store or bakery. Food brought should be individually wrapped and in the original unopened container.

Due to classroom learning needs, birthday parties/celebrations cannot be held for each student. Birthday treats may be sent to school. The classroom teachers will serve the treats as time permits.

Deliveries

All deliveries to students should be brought to the office. If a student is sent an arrangement including balloons and/or any glass items (vases, jars), parents will need to pick up the items at the end of the day as they are not permitted on the bus. Please consider size and safety issues if your child will be taking their delivery home with them on the bus. This also includes the delivery of treats for students’ birthdays.

Dress Code

Appropriate apparel must be worn to school. Inappropriate apparel includes short shorts and short skirts, sunglasses, and chains. Neither boys nor girls will be allowed to wear mid-riff shirts, which expose the belly button, nor any apparel with profane wording, vulgar pictures, or alcohol or drug advertising/promotion. Undergarments may not be exposed. Any attire, accessories or hairstyles including marks on exposed skin or unnatural hair color deemed to create a health, safety, or disruption to the learning environment will be considered inappropriate for school and will not be allowed. Students are not to wear caps, headgear, or bandanas once inside the building unless directed to wear safety headgear due to an injury as prescribed by a physician. (Clothing should be of appropriate size to ensure safety during recess and physical education class.)

Emergency Drills

Students are taught the appropriate safety protocol in case of natural disaster including fire, tornado, and earthquake. The school system does have a master plan and building procedures regarding man-made crises as bomb threats, kidnapping, or intrusion into the building by a known or unknown person. Each plan has a system as to how to notify parents or next of kin should such be necessary.

Student Profile Sheet

We must have an up-to-date student profile information sheet for each student. Notify the school immediately if there are any changes in a student’s guardian, address, telephone number, diagnosed allergies or emergency contact persons.

Lost and Found

Lost items are to be turned in to the school office and may be claimed there. Please label school items with student’s first and last name.

Personal Property

Any personal property not considered a school supply, which includes electronic communication devices and audio and visual recording equipment, are not to be brought to school unless the teachers ask for such items to culminate a special project. If personal property is brought to school without prior consent, it will be placed in the school office until the parent claims it. The school is not responsible for any lost, stolen, or damaged property.

Cell Phones

Cell phones should remain turned off and in the student's school bag during school hours, as well as bus transportation times before and after school. If a student possesses electronic pictures or texts, the district will consider it the same as hard-copy possession.

Student Accident Insurance

Student Accident Insurance is available through the Eldon R-1 School District. For more information contact Tammy Kirkweg, Human Resource Specialist at 392-8000.

Telephone Calls

Telephone calls to and from the students are not encouraged. Messages will be taken by the school secretaries and delivered to the child or the teacher.

School Safety/Visitors

To provide a safe environment for our children we ask that all visitors report to the office before going anywhere in the building. If you wish to deliver something to your child, please bring it to the office and we will notify him/her. Students will not be allowed to bring guests to school. The school cannot assume responsibility for children who are not enrolled in the school district. If you would like to visit your child's classroom, please contact the teachers involved in advance and work out an arrangement including date and duration of classroom visit. While in the classroom, please do not engage the teacher or your child in conversation. It is important learning remains the focus of our school.

As part of the Eldon R-1 School District's commitment to school safety, the District has buzz-in stations at the main entrance of South Elementary School, Upper Elementary School and Eldon Middle School. The buzz-in station includes an intercom and a security camera. After the start of school each day, all doors to the school will lock from the outside and the only point of entry to the building will be through the main entrance. All parents and visitors will be required to push an intercom button, state their name and the purpose of their visit in order to gain entry into the school. School staff will make a visual and verbal determination prior to granting the visitor access to the school. In addition, all visitors will be asked to sign in and wear a visitor badge while in the school. Visitors may be required to show photo identification.

Discipline Code

This discipline code applies to all students during the school day and for all activities outside the school day, on or off school campus.

The behavior of students should demonstrate good citizenship, respect and accountability.

Guidelines for good behavior:

1. Show respect for others by communicating appropriately.
2. Show respect by following written and verbal directions.
3. Show respect by behaving in a nonviolent manner. This includes keeping hands, feet, and objects to oneself.
4. Show respect for school property and others by moving throughout the school in a quiet, orderly manner.

Consequence Options

Consequences will vary with each grade level. Teachers will inform parents of their classroom expectations at the beginning of the school year. Teachers will contact the parents by phone or written communication if a classroom disruption arises.

If a student receives a discipline referral to the office, the administration will make needed contacts via phone or letter. The disciplinary options are:

A: Safe seat in classroom.

B: Safe seat in buddy room.

C: Conference with the student and a warning from principal.

D: Recovery Room for appropriate time lengths which could include but is not limited to: recess, 30 minutes, special class time, ½ day, 1-10 days.

The administrator retains the right to issue penalties for acts specifically stated herein (including imposing up to 10 days out-of-school suspension) and to alter any penalties as considered necessary. “Legal/Policy Notices” may be referenced for more information.

Elementary Student Lunchroom Behavior Expectations

1. Students will eat without excessive mess making.
2. Students will use an inside voice without making excessive noise.
3. Students will walk in the cafeteria.
4. Students will stay seated until given permission to leave his or her seat.

Class Placement

Retention

Retention may be considered when, in the judgment of the professional staff, it is in the best educational interest of the student involved. Parents/Guardians will receive prior notification and explanation concerning the retention. However, the final decision will rest with the school administration. Decisions on whether to promote, or retain a student with disabilities will be made in accordance with the Individuals With Disabilities Education Act (IDEA) and as required by other applicable law.

Classroom Assignments

Class lists are developed in a way that will promote a positive learning environment in each classroom based on the following:

- Educational needs including special services and special needs
- Student behavior
- Academic achievement
- Ratio of boys/girls
- Separation of siblings, cousins, and duplicate names

A letter from parents (requesting not to have a specific teacher, or not to have cousins, siblings, or step-siblings in the same room) regarding the upcoming school year must be received by the elementary principal before May 1 of each year.

Student Attendance

1. Student attendance is very important to both a child's success at school and in life. Therefore, we make every effort to work with parents and students in improving attendance.
2. When a child is absent, please call the elementary office to report your child's absence, or send a parent signed note reporting the conditions of the absence. Please contact the teacher and make arrangements to complete any work missed. A daily safety call will be placed to parents to check on students absent from South School.
3. If a student accumulates 5, 10, 15, 20, or 25 or more absences, a letter will be sent to notify parents of the student's attendance.
4. Any student missing more than 12 unexcused days in a school year jeopardizes his/her learning routine. The number of days absent will impact the decision when considering promotion/retention. Attendance concerns will first be addressed to the parent/ guardian. If no improvement is noted, the school principal may report the child to an outside agency for excessive absenteeism, unless there are health and/or other reasons that are factors. These agencies may include Superintendent of Schools, Juvenile Office, and Division of Family Services.
5. If illness or accident will require an absence of more than 10 days, a homebound teacher may be provided to keep student current with his/her class work. Please contact the school to begin the process of requesting homebound services.

Tardy Policy: Students who arrive at school after 8:00 a.m. are required to go to the office for a tardy slip before attending class.

Student Health Services

School Nurse Information

The school nurse's office is located down the hallway from the office. The nurse is on duty from 7:20 a.m. to 3:20 p.m.

All students must present documentation of up-to-date immunization status, including month, day and year of immunizations before they can attend school. In some cases an immunization could be "in progress." In progress means that a child has begun the vaccine series and has an appointment for the next dose. This appointment must be kept and an updated record provided to the school. If the appointment is not kept, the child is no longer in progress and *will not be able to attend school*. Documentation from your physician or MCHC (Miller County Health Center) should have the following information: child's name, date of future appointment, immunization(s) that will be given on that date, and the name of clinic or doctor's office that will be giving immunization(s). If you have any questions you may contact your physician, MCHC, or school nurse.

Exemptions

In the event that your child cannot receive an immunization for medical or religious reasons please provide the school with the following information: name of child, date, reason for exemption, and shots that are exempt. *This information must be signed by physician or MCHC.*

Dispensing of Medications at School (per Board Policy JHCD)

Prescription Medication: (those prescribed by physician)

If your child needs to take prescribed medication during school hours, the medication must be in the original container from the pharmacy with only those doses to be given at school. Parents must provide their written permission to give medication and a physician must fill out an "authorization for medications to be taken during school hours" form (from the school nurse), or a prescription order form from the physician, before the medication will be given at school. Only one week's supply of medication may be sent at a time, and the medication must be given to the nurse. The nurse will keep the medication locked in the health office.

Non-prescription Medication: (over-the-counter medications)

A list of non-prescription medications are provided annually on the Student Health Information form. The signed consent form must be on file for a student to receive any of these medications (e.g. Tylenol, Tums, or generic equivalents, cough drops, etc.). If a parent needs to provide another over-the-counter medication to be given at school, written permission and the medication in the original manufacturer's packaging must be supplied, and medication will only be administered in accordance with the manufacturer's label.

Failure to comply with the medication requirements will result in students not receiving the medication.

Illness or Injury during School

In the event a student becomes ill or seriously injured, the nurse will contact the parent or guardian by telephone. If the parent cannot be reached, the nurse will call the emergency number listed on the student's emergency information sheet. Please be sure to keep emergency numbers updated with the school office.

Doctor's Written Medical Excuse

If a student needs to be excused from physical education, or from any physical activity, the parent/guardian should obtain it in writing from their physician. The written notice should be brought to the elementary office.

Head Lice

It will be the responsibility of the school nurse or the principal's designee to examine any student who is possibly infested with head lice or live eggs (nits). Students found to be infested will be excluded from attending school to be treated at home. Parent of students with reoccurring head lice and have poor attendance will be reported to the principal by the counselor. The principal will request a conference with the parents to discuss other resources for treatment and prevention for head lice. Parents and guardians may also be provided with information about other community agencies providing assistance and/or other resources to treat head lice. Students must be free of live lice and live nits upon examination by the school personnel before riding the bus or returning to school. (Board Policy JHC-AP2)

Conditions that Require Exclusion from School

The following information is provided to help parents understand certain conditions that require exclusion from school:

Fever of 100° or over (or had fever within 24 hours prior returning); undiagnosed rash; vomiting; diarrhea; fainting; red inflamed eyes (for pink eye must be diagnosed and treated for 24 hours before returning); impetigo; ringworm (must be on proper medication prior to returning); head lice; scabies; chickenpox and mumps. All other conditions will be at the discretion of the school nurse.

Transportation Information

Parent Transportation of Students

Before School

Traffic lanes in front of the school are reserved for dropping off students to enter the front door of school beginning at 7:20a.m. If you are entering the building, please park in the front parking lot.

After School

All children not riding buses will stay inside the building and wait in the “Maroon Gym”. This will be the only pick up point for students who ride in a private vehicle. Parents/guardians may enter the building from the outside doors into the “Maroon Gym” once the bell has rung. These outside doors will remain locked until students have gathered and are ready for pick up. Pick-up procedure will include the requirement of daily signature by parent picking up child. This helps ensure the safety of each child at South School.

During the Day

When a student is to be picked up during school hours, a note signed by the parent/guardian should be brought to the office, or given to the student’s teacher the morning the early dismissal is to occur. The parent/guardian or designated person should report to the office.

School Transportation of Students via Buses

All students riding a bus to and from school or any school activity are subject to rules of the Eldon R-I School Board, Department of Elementary and Secondary Education and the laws of the State of Missouri. Any misbehavior, which distracts the driver, is a very serious hazard to the safety of all passengers.

Discipline Guidelines for Buses

1. Obey the driver promptly
2. Stay seated unless getting on or off the bus
3. Keep hands, feet and objects to yourself and inside the bus
4. No offensive language or disruptive behavior
5. No eating, drinking or harmful objects on the bus

Consequence Options

- “A” Verbal warning issued
- “B” Assigned seat given by the driver
- “C” Contact parent/guardian and the building principal
- “D” Conference with the student, parent/guardian, driver and building principal
- “E” Sent to the principal with a recommendation for suspension of bus privileges
- “F” Suspension of bus privileges (1-10 days)

District Bus Policy

Students will only be allowed to ride one bus to one destination, either home or to their baby-sitter. This is important because drivers and other school personnel cannot keep up with the high volume of daily changes in home destinations and because some buses are already filled to near capacity. Students will not be allowed to ride a different bus except in emergency situations. We appreciate parents taking responsibility to make other arrangements when needed.

If an emergency arises, please contact the elementary school office so an emergency pass can be issued per principal approval. Only three emergency passes will be issued each year.

After School Activities

If your child participates in any out-of-school group/organization that meets on a regularly scheduled basis and which necessitates him/her staying after school, please file a note to this effect with your child’s teacher. One note for the entire school year will be sufficient.

Curriculum and Instruction

Curriculum development is a primary goal for the staff at our school. Grade Level Teams are continually keeping all of the academic material up to date.

In addition, our students receive specialized instruction on a weekly basis in the areas of Art, Music, Physical Education, Guidance, and Library/Media.

The Eldon School District also provides an array of support services for students. Currently, our school has programs and/or services for all areas of special education, school-wide Title I services, and gifted education services.

Grading System

At the end of the 1st, 2nd, 3rd, and 4th quarters, progress reports will be sent home with the student. Each quarter is a 9-week period with a progress report sent for each of the 4 quarters. The progress reports (report cards) are in the form of a checklist to report progress in learning specific skills and strategies. The following progress report scale is used at South Elementary School.

S = 80 – 100%

P = 60 – 79%

N = 59% and below

S – Satisfactory mastery of standard

P – Progressing toward mastery of standard

N – Standard not mastered

DB – Developing Background

Internet Guidelines

The Internet for South Elementary students will be used to investigate educational topics and for directed research.

Use of the Internet is a privilege. Students must use good behavior while on-line and are to show respect for others.

Students must stay within the boundaries of given assignments.

Students will use search engines appropriately.

Students will not have access to unsupervised e-mail.

Students will be instructed not to give personal information on the Internet, such as their full name, address, and phone number.

A user agreement, signed by a parent and the student, is required the student to have access on an individual basis.

These items represent South School's approach to the Internet as a learning and teaching tool. This list does not replace or supersede the formal school board policy. Use of the Internet is a privilege. Failure to follow guidelines listed above will result in a loss of that privilege.

Notification of Rights under FERPA.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials or another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA.

The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

Assessments

Students in grade three will participate in the Missouri Learning Standards testing procedures for Communication Arts and Mathematics. State testing occurs during the state established testing window during the spring of each school year.

Destruction of Special Education Records

The law provides that Eldon R-1 School District may destroy after five years, all data which was used to provide educational services to a student after the data is no longer useful. This does not include grades or graduation records. However, the information to be destroyed may include records that were used to develop educational plans. These records will be available to you if you request it. Some of these records may be needed at some future date to support a Social Security claim or for benefits as a person with disabilities. Contact the Special Services Office at the Board of Education Office, 112 S. Pine Street to have these records made ready if needed. If you think your child has a disability and or have questions, you may contact your Building Principal or the Director of Special Education at 392-8003.

Asbestos

On October 22, 1986, the Asbestos Hazard Emergency Act (AHERA-Public Law 99-519) was signed into law. This law required the EPA to develop regulations, which provide a comprehensive framework for addressing asbestos problems in public and private schools. One rule requires the schools to inspect for friable and non-friable asbestos, develop asbestos management plans that address asbestos hazards in school buildings and implement response actions in a timely fashion. Eldon R-1 Schools conducts semi-annual inspections of all asbestos containing building materials and has an outside certified agency conduct a comprehensive district-wide inspection every three years. A management plan is on file in the Board Office.

Harassment

Sexual harassment is a form of sexual discrimination that is prohibited by law in education as well as employment. The law defines sexual harassment as: "Unwelcome sexual advance, request for sexual favors, and other verbal or physical conduct of a sexual nature." Depending on the severity and/or frequency of the harassment, punishment may range from counseling / conferencing to expulsion from school (or termination) by the Board of Education in accordance with Board Policy JBA. Sexual harassment applies to all ages. (Board of Education Policy JBA)

Distribution of Non-Curricular Student Publications

Students may distribute, at reasonable times and places, unofficial written material, petitions, buttons, badges, or other insignia. Anyone wishing to distribute unofficial materials must first

submit for approval a copy of the material to the principals 24 hours in advance of desired distribution time. (Board of Education Policy IGDBA)

Custody of Children

If there is a situation in your family in which a child is not allowed to leave with a particular individual, you must notify the school office of the situation at the beginning of each school year. This notice should also be provided whenever a change in this situation occurs. A parent must have legal custody of a child before he/she can deny the other parent from equal access to the child. A certified copy of custody papers must be on file with school officials at the beginning of the school year or at the time of enrollment in order for officials to carry out the mandate of the court.

The Safe Schools Act

The Missouri General Assembly enacted the Safe Schools Act into law in 1997. The purpose of this action is to reduce and eliminate threats and violence in and around the school setting. The law does not give school principals a broad variety of choices when addressing certain types of pupil action. Some examples include: a closed or clenched fist is taken as a threat to another person, spitting is considered an assault, and hitting another person for any reason is considered to be an assault. The term weapon now means more than guns or bombs. A weapon is defined as any object that can inflict bodily harm or cause permanent injury to a person. Consequently, weapons and objects that could cause damage to another will result in confiscation of the item and the student may be reported to juvenile authorities and to the police. Parents are also made aware that in certain cases of extreme behavior, the police may be called to the school to assist in regaining control of the student. Parents will be notified of this type of action and required to assist in re-establishing control. If deemed appropriate, the police may take the student to the police station and there a decision will be made regarding appropriate action for the student.

Weapons in School

The Board recognizes the importance of preserving a safe educational environment for students, employees and patrons of the district. In order to maintain the safety of the educational community, the district will strictly enforce the necessary disciplinary consequences resulting from the use or possession of weapons on school grounds, buses or at school activities.

A weapon is defined to mean one or more of the following:

1. A firearm as defined in 18 U.S. C. 921.
2. A blackjack, concealable firearm, firearm, firearm silencer, explosive weapon, gas gun, knife, knuckles, machine gun, projectile weapon, rifle, shotgun, spring gun, switchblade knife, as these terms are defined in 571.010,RSMo.
3. Any instrument or device customarily used for attack or defense against an opponent, adversary or victim: or any instrument or device used to inflict physical injury or harm to another person.

In accordance with federal and state law, any student who brings or possesses a firearm as defined in 18 U.S.C. 921 or a device listed in #2 above on school property or at any school activity will be suspended from school for at least one (1) calendar year or expelled and will be referred to the appropriate legal authorities. The suspension or expulsion may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education.

Students who use or possess other weapons defined in this policy will be subject to suspension and/or expulsion from school and may be referred to the appropriate legal authorities.

Students with disabilities who violate this policy will be disciplined in accordance with policy JGE. Such students with disabilities who possess a weapon, as defined as a “dangerous weapon” in 18 U.S.C. 930, at school or at a school function, may be placed in an appropriate interim alternative educational setting for the same amount of time that students without disabilities would be subject to discipline but for not more than 45 calendar days.

The policy shall not be construed to prohibit the Board from allowing a Civil War Reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded.

Searches

Desks and any other areas where students store personal effects are considered school property and therefore may be subject to random, unannounced searches throughout the school year. Additional searches of bags, purses, coats, electronic devices, and other personal possessions and cars in accordance with law.

District Student Discipline Policy

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students. The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. All district staff are required to enforce these policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

Building handbooks containing disciplinary codes will be adopted by the Board prior to the beginning of each school year.

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision.

Teachers have the authority and responsibility to make and enforce necessary rules for the internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

The comprehensive discipline policy of the district is composed of this policy and includes, but is not limited to, the following policies and regulations: JG-R, JGA, JGB, JGD, JGE and JGF. A copy of the district's comprehensive discipline policy will be provided to every student and parent or guardian of every student at the beginning of each school year and will be available in the superintendent's office during normal business hours.

Note: The reader is encouraged to check the index located at the beginning of this section for other pertinent policies and to review administrative procedures and/or forms for related information.

Dear Parent or Guardian:

This letter is written to inform you of some of the requirements that we have under No Child Left Behind Act of 2001. This law, which provides federal support to school districts, also requires us to provide you with certain notices. One of these notices is the “right to know” that your child is being taught by highly qualified staff. Under this act, please be aware of the following provisions:

Upon your request, our district is required to provide to you in a timely manner, the following information:

- Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which state qualifications have been waived.
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.
- What baccalaureate degree major the teacher has and any other graduate certification or degree held by the teacher, and the field of discipline for certification.

In addition to the information that parents may request, districts must provide to each individual parent:

- Information on the achievement level of the parent’s child in each of the state academic assessments as required under this part; and
- Timely notice when and if the parent’s child has been assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified.

Also, attached to this letter is our complaint resolution procedure that we are required to provide on a yearly basis. Please do not hesitate to call either the building principal or myself if you have questions or concerns, as we appreciate your input.

Sincerely,
Mr. Matt Davis
Superintendent of Schools

Standard Complaint Procedure

Eldon R-1 School District

This complaint procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB), Title I, IIA, IID., IVA, V, and VIB.

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other personnel directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy. The Eldon School District Policy indicates that the principal may schedule a conference to resolve the complaint. If the complaint is not resolved, it then may go to the Superintendent, and then if not resolved to the Board of Education. If the issue can't be resolved at the district level, then a complaint may be filed with the Missouri Department of Education. If there is not evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide assistance to facilitate the resolution.

Anyone wishing more information about this procedure or how complaints are resolved may contact the Superintendent's Office at 573-392-8000.
