## Welcome Back

We hope that everyone had time to Sharpen the Saw with their families this summer and are ready to kick off the 2017-2018 school year! Mrs. Herbert and Mrs. Hinds were able to attend a Model Schools conference this summer and were rejuvenated with great ideas!

We believe when our students are excited to come to school, great things will happen. South School will implement *positive mindset days* this year. We are excited to see how this positive change will influence our students to make each day great for our school family.

Look at the back for upcoming events at South.

## What's New?

Data Binders! Students will bring home a binder daily to share with their families. Throughout the year students will be adding items to their binder as they start to track their learning.

This will also serve as a communication piece between school and home. Students will learn how to Be Proactive and Begin With the End in Mind as they are responsible for bringing their binders to and from school daily.

We are looking forward to continue collaborating with our families!
