- Oct. 16th: End of 1st Qtr.

Stomping Forward

Breakfast in the Classroom:

Every student has the opportunity to eat breakfast provided by the school for free. This allows time for our teachers to build better relationships with our students.

Late Start:

Our start time is now 8:30. Studies have shown that a later start time allows for students to be well rested, more engaged, and ready to learn.

Wonders Curriculum:

Our school has adopted a new reading program called Wonders. It contains a wealth of research-based print and digital resources which provide strong literacy foundations and engage in collaborative conversations.
