

Dedication

Since 1905, thousands of students have been enrolled in Eldon High School. Some have stayed only briefly but many have completed the run. Those who have been strong in ambition have survived, the weak have perished.

Each, regardless of the length of his stay, has given something to the school. It is on these thousands of associations we build. Our student body programs of today are built on the contributions of the students of the past.

In recognition of the service of these students of the past, we dedicate the 1954 Referet. The weak, the strong, the leader and the follower have left us a splendid legacy.

Deep Sea Fantasy

On the evening of March 10, 1953, members of the Honor Society and their guests took an imaginary journey into the mystic world that lies beneath the surface of the sea. The quiet solitude of the deep, the many hued lights that filtered through the waves from above, the vari-colored fish, the submarine vegetation, beautiful mermaids and sea lions, and undulating strains of sweet music made our gym a veritable deep sea fantasy.
