The background of the page is a complex, abstract geometric pattern. It consists of several overlapping circles and lines. The circles are filled with a stippled or dotted texture. The lines are solid black and intersect the circles, creating a network of paths. The overall effect is a dense, layered composition of shapes and textures.

Second Place
COE

Pep Club -- Almost!

Many agree that the 1967 Homecoming parade was the best in the history of EHS. The theme, "The Funny World of EHS", was portrayed by famous cartoon characters. The most popular was "Snoopy" of the cartoon strip "Peanuts."

That night Miss Ginny Moats, queen of 1966-67, turned her crown over to Miss Mary Harvey, to reign for the remainder of the school year.

Third Place -- Auto Mechanics.

HOMECOMING ROYALTY 1967

Homecoming queen was Miss Mary Harvey, senior candidate.

Beverly Thompson, senior candidate.

Nancy Miller, sophomore candidate.

Vickey Jobe, junior candidate.

Erma Riffle, freshman candidate.

Homecoming queen and court, 1967.

The background of the page is a complex, abstract geometric pattern. It consists of several overlapping circles and lines. The circles are filled with a stippled or dotted texture, while the lines are solid black. The pattern is symmetrical and creates a sense of depth and movement. The word "ORGANIZATIONS" is centered within a white rectangular box that has a black border, which is placed over the pattern.

The Student Council this year was an especially active one. In addition to the usual activities of operating the ice cream concession in the cafeteria, coordinating student parties, and creating student policy, they sponsored the annual March of Dimes, had a traffic safety week, with several very interesting assemblies, and bought a color television for the study hall.

Sandy Baker, Treasurer

James Boyd Clark, 1968

Really, Dahling!

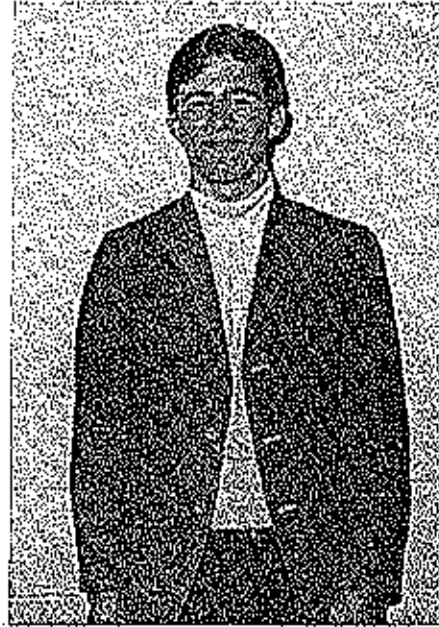

Jim Clark has been very active in high school activities during his four years in EHS. He was a letterman in football, basketball, and golf. He was president of both his sophomore and his junior class, and editor of the M & G during his senior year. He was a member of National Honor Society, and ranked in the top ten of his class.

Girls Athletic Association is organized every year for girls who are interested in sports. These girls participate in softball, basketball, volleyball, track, tennis, touch football, and soccer. They also play inter-school games, usually with Russellville.

The snapshots on this page were taken during a game with Russellville, which Eldon won by a score of 54--53.

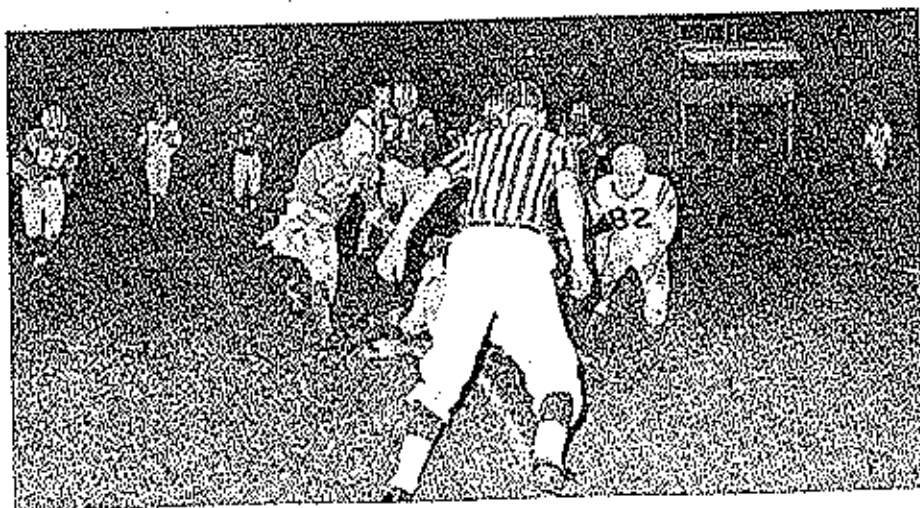

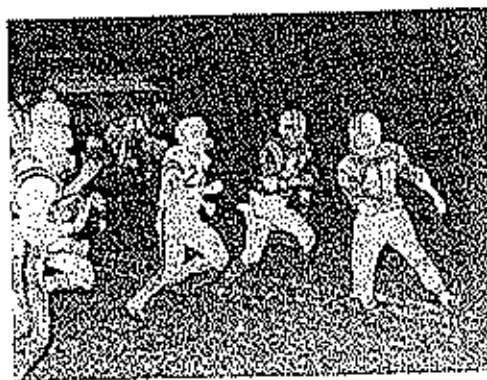

The background of the page is a complex, abstract geometric pattern. It consists of several overlapping circles of varying sizes. The areas where these circles overlap are filled with a dense, stippled or halftone texture, creating a range of gray tones from light to dark. The non-overlapping parts of the circles are white. A thick, solid black horizontal bar is positioned across the middle of the page, containing the word "SPORTS" in a serif font.

"It is not whether you win or lose but how you play the game." This season our boys really took this to heart, winning four games and three Consolation trophies. They also won the sportsmanship award at the Versailles Tourney, and Jim Clark received the Individual Sportsman Award given during the Eldon Tourney. Paul Byrd, junior, was the second highest scorer at the Eldon Tourney. Harry Harvey, sophomore, was named to the Tri-County All Star Team, and Jim Clark received Honorable Mention. Bob Davis, senior, and Ricky Vernon, sophomore, also assisted the Mustangs during the season. The "B" Team had a great season with a record of ten wins and two losses. The Freshman Team also had a fine year with eleven wins and four losses.

The background of the page is a complex, abstract geometric pattern. It consists of several overlapping circles of varying sizes. The areas between these circles are filled with a dense, stippled or halftone texture. The pattern is composed of dark grey and light grey tones, creating a sense of depth and movement. A prominent dark grey band runs diagonally from the top-left towards the bottom-right, while another lighter grey band runs from the top-right towards the bottom-left. These bands intersect and overlap with the circular shapes, creating a dynamic and layered visual effect.
