INSTRUCTIONS: PLEASE READ THE FOLLOWING DOCUMENT. KEEP THE HOME COPY FOR YOUR RECORDS. SIGN THE OFFICE COPY AND RETURN IT TO SCHOOL AS SOON AS POSSIBLE.

Parents, Students, and District Employees: The purpose of this agreement is to outline the rules of using computers in the Eldon R-1 Schools. Since students using computers will also be using the local and wide area network, which includes connecting to the Internet, the rules must be understood by all parents, students, and district employees. Your signature on the attached contract is legally binding and indicates that you have read the terms and conditions carefully and understand their significance.

ELDON R-1 SCHOOL DISTRICT
NETWORK AND INTERNET ACCESS
ACCEPTABLE USE POLICY

The Eldon R-1 School District is responsible for securing its network and computing systems in a responsible and economically feasible degree against unauthorized access and/or abuse, while making them accessible for authorized and legitimate users. This responsibility includes informing users of expected standards of conduct and the punitive measures for not adhering to them. Any attempt to violate the provisions of this policy will result in cancellation of user privileges and disciplinary action.

A user is required to use network resources in an efficient, ethical, and legal manner. The use of your access must be in support of education/research and consistent with the educational objectives of the Eldon R-1 District. Activities that are acceptable include classroom activities, career development, and research. Students may not use the resources of the Eldon R-1 School District for entertainment purposes.

In compliance with the Children's Internet Protection Act (CIPA), the district utilizes blocking software and a filtering system to guard against inappropriate access.

Network Etiquette: Students are expected to abide by the generally accepted rules of network etiquette. Etiquette rules include, but are not limited to, the following:

- Students must be polite and use appropriate language. Students should not use abusive language and vulgarities.
- Students must not reveal their personal identifying information (name, address, phone number, social security number, credit card number) or those of others.
- The network must not be used in such a way that would cause disruption of the use of the network by other users.

Guidelines and Conditions:

Privileges: The use of MORENet/Internet access is a privilege, not a right, and inappropriate use will result in a cancellation of these privileges. The Technology Coordinator may deny access at any time as required. The administrators, faculty and staff may request the Technology Coordinator to deny, revoke, or suspend specific user access.

Acceptable Use: The use of your access must be in support of education/research and be consistent with the educational objectives of the Eldon R-1 District.
Unacceptable Use & Network Security: The activities listed below are prohibited:

- Violation of laws, local, state, federal and/or international, including criminal, copyright, privacy, defamation and obscenity laws. The school district will render all reasonable assistance to local, state, or federal officials for the investigation and prosecution of persons using district technology in violation of any law.

- Use of district technology for soliciting, advertising, fundraising, commercial purposes or for financial gain, unless authorized by the district.

- Deleting, examining, copying, or modifying of files and/or data belonging to other users without their prior consent.

- Using any computer access accounts other than those assigned to the individual. This includes misrepresenting self through the use of another person's ID.

- Accessing, viewing, or disseminating information using district resources, including e-mail or Internet access, that is pornographic, obscene, child pornography, harmful to minors, obscene to minors, libelous, parasitively indecent or vulgar, or advertising any product or service not permitted to minors.

- Introduction of computer "viruses," "hacking" tools or other disruptive/destructive programs into a school or district computer, network, or any external networks.

- Deliberately tampering with a computer system (e.g., disconnecting and/or switching cables or changing computer settings).

- Giving personal information, such as complete name, phone number, address, social security number, credit card, or identifiable photo without permission from teacher and parent or guardian.

- Using online communication tools/forums (e.g., chat rooms, blogs, instant messaging, personal e-mail, podcast, and Web pages) except for designated classroom activities.

- Failing to care for computer equipment. Objects should not be placed on monitors, computers, or keyboards. Food and beverage should never be used in the vicinity of computers or peripherals.

Consistency with Other School Policies: Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

Limitation of School District Liability: The school district system is provided on an "as is, as available" basis. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet. Users who subscribe to online services that charge fees are solely responsible for all charges incurred.

Vandalism: Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data or another user, damage to equipment or software, and interference with the MORENet or local network services.

Privacy: Administrators may review communications at any time to maintain system integrity. Users should not expect that files stored on district servers will be private.

Internet Use Agreement: The proper use of the Internet and the educational value to be gained is the joint responsibility of the students, parents, and employees of the school district. Staff members and all students must sign an agreement.

Parent's/Guardian's Agreement

As the parent or guardian of this student, I have read the Acceptable Use Policy. I understand that Internet access at school is provided for educational purposes only. I understand that employees of the school system will make every reasonable effort to restrict access to all controversial material on the Internet, but I will not hold them responsible for materials my son or daughter acquires or sees as a result of the use of the Internet from school facilities. I give my permission to Eldon R-I Schools to allow the student above to use the Internet on computers at the school. Dear Parents/Guardians,

The Eldon R-I School District has partnered with Central Ozarks Medical Center to offer medical services through a school-based health clinic to all of our students. This clinic is housed in the Tomato Shelter between South Elementary and Upper Elementary, but most services will be provided in the nurse’s office at each school. Jillynn Hull, Family Nurse Practitioner, will provide these services under the supervision of COMC’s pediatrician, Dr. Kristin Theobald-Hazel & family practice physician, Dr. Jamie Thomas. Jillynn can provide a complete range of medical services for your child, from urgent care when they become sick at school to monitoring chronic conditions, such as asthma. Additionally, Jillynn is able to write prescriptions. All of these services will be offered to our students at no cost to the family!

Should your child become sick at school, they will follow normal procedures and see our school nurses. If the school nurse feels that further treatment is necessary, you will be contacted and upon your approval, the nurse will contact Jillynn. Our hope is that this provides our students with fast, consistent and economical access to health care so they can focus on what’s important... growing in their education!

COMC is a local non-profit organization that has worked to meet the healthcare needs of our community and the surrounding area since 1979. This program will provide any pre-registered child an opportunity to receive medical services at school during normal school hours.

There will never be any treatment provided to your child without your consent. Should your child need to be seen by Jillynn, you (or another person you have identified on the registration forms) will be called prior to any care occurring, and you always have the option of being present during care. You will also receive a summary of any care your child receives, and any prescriptions or other referrals your child needs. If you indicate on the form the name of your child’s medical provider, we will provide records of any visit your child has had at the school to that medical provider. We will bill your child’s insurance, if any, for the services they receive, but any remaining balance WILL NOT be billed to the parents/guardians.

We look forward to working with you to provide the best possible medical health services for your child. The COMC clinic will also be open during the summer months. Office hours are Monday-Friday 8am - 4pm. To schedule an appointment for your child with Jillynn, please call the school-based health clinic at 573-392-8056.

2019-2020 Missouri School Immunization Requirements

- All students must present documentation of up-to-date immunization status, including month, day, and year of each immunization before attending school.
- The Advisory Committee on Immunization Practices (ACIP) allows a 4-day grace period. Students in all grade levels may receive immunizations up to four days before the due date.
- Required immunizations should be administered according to the current Advisory Committee on Immunization Practices Schedule, including all spacing. (http://www.cdc.gov/vaccines/schedules/index.html).
- To remain in school, students "in progress" must have an Immunization In Progress form (Imm.P.14) on file. In progress means that a child has begun the vaccine series and has an appointment for the next dose. This appointment must be kept and an updated record provided to the school. If the appointment is not kept, the child is no longer in progress and is noncompliant. (i.e., Hep B vaccine series was started but the child is not yet eligible to receive the next dose in the series.)
- Religious (Imm.P.11A) and Medical (Imm.P.12) exemptions are allowed. The appropriate exemption card must be on file. Unimmunized children are subject to exclusion from school when outbreaks of vaccine-preventable diseases occur.

ICU Database

At the Middle School we use a program called the ICU Database. This program allows us to notify you through text message and email that your student is missing an assignment. The term ICU may seem alarming to some, but the intention is to take students' work as seriously as we take their health. Missing assignments devastate a grade in much the same way that a virus devastates the immune system.

When we place a student on "the list," not only are you notified, but the entire staff can see that the student needs to complete an assignment. Now instead of one teacher being responsible for caring about the missing assignment, the entire building (including coaches, counselors, tutors, etc.) can help to guide the student's grade back to good health.

The fundamental goal of this program is to build an army of support behind the students. We want to keep you informed of your students' progress in real time. To do this we are asking you to give us the best phone number and email addresses to contact you. If you have another person that is better to contact feel free to list their name or email instead. Please know that when a student is on the list they are not "in trouble", rather it allows both parents and the school to take preventative action from falling grades.

** This is a list of minimum requirements. Students may choose to use other supplies as well; trapper keeper, pens, erasers, etc.
The Missouri Virtual Instruction Program (MOVIP) transitioned to the Missouri Course Access and Virtual School Program (MOCAP) as a result of updates to Section 161.670, RSMo. Information about state funding for students enrolled in virtual education can be found in Section 162.1250, RSMo. Missouri students may enroll in MOCAP courses for the fall and spring semesters. MOCAP is not available in the summer.

**What Is a MOCAP Course?**

Section 162.1250, RSMo sets out the requirements for all virtual courses. Not all virtual courses are approved MOCAP courses. Courses listed on the MOCAP Course Catalog have been checked for compliance by the Department of Elementary and Secondary Education (DESE). The local education agency (LEA) must vet all other virtual courses to ensure that statutory requirements have been met. In order for students to enroll in MOCAP courses, LEAs must have a secure method to send a student's MOSIS ID and date of birth to courseware providers.

MOCAP courses have been through a stringent review process, including:

- Course alignment to Missouri Learning Standards
- Web Content Accessibility Guidelines (WCAG 2.0)
- Data security review
- Missouri appropriately certificated teachers
- College Board approval of Advanced Placement (AP) courses in the catalog

MOCAP providers have agreed to:

- reporting requirements (including course completion and learning gains)
- invoicing requirements
- a price cap of 7% per semester and 14% per year, per course, based on the June State Adequacy Target

**Course Catalog**

MOCAP’s course catalog link, mocap.mo.gov/catalog, displays contact information for providers to be contacted directly to register for courses.

**MOCAP Policies**

An LEA shall inform parents of their child's right to participate in the program. Availability should be made clear in the parent handbook, registration documents, and featured on the LEA's homepage.

**Individual Learning Plans (ILP) or Individual Career and Academic Plans (ICAP)** Students taking more than two MOCAP courses must have an individualized learning plan maintained in the LEA's student records. An LEA may develop its own learning plan for students or use the ICAP that is available through the Office of College and Career Readiness under School Counseling.
Student’s Appeal Process
There is an appeal process if a student is denied access to a MOCAP course. Please refer to Section 161.670, RSMo to learn about the LEA’s responsibility in the MOCAP appeal process. Parent/guardians must first work with the LEA before submitting the appeal to DESE. Parents/guardians may only submit the documentation provided by the local school board to the MOCAP Appeal website. The LEA will receive notification of the appeal and a copy of the submitted documentation. Only MOCAP courses offered during the regular school year are eligible for appeal. The appeal process does not apply to summer school or virtual courses that are not MOCAP approved.

MOSIS – August Core Data Cycle, Screen 3
The contact person entered on Screen 3 will receive information about MOCAP appeals and updates to the program. Please ensure this contact is accurate. It is critical that this information is always current.

Reporting for Virtual Education in MOSIS
• MOCAP requires that all teachers be appropriately certificated. Attendance hours for any educator without a valid Missouri teaching certificate will not be allowed for state aid purposes.
• Virtual courses will use Exhibit 34 – Instruction via Technology for delivery systems.

Program Code 50 in MOSIS
• LEAs will identify MOCAP courses with Program Code 50 in their MOSIS October Cycle – Course Assignment.
• For student courses identified with the Program Code of 50, the educator course and educator do not need to be reported in the Course Assignment, Educator Core, or the Educator School files because the appropriate certification has already been verified by MOCAP.

Program Code 52 – Curriculum Only in MOSIS
• LEAs will identify MOCAP curriculum only with Program Code 52- in their MOSIS October Cycle – Course Assignment.
• For MOCAP curriculum-only courses, an LEA must use an appropriately certificated teacher
• For courses that do not have a MOCAP teacher, the LEA will report educator information in the MOSIS October Cycle – Educator Core and Educator School.
• If an LEA does not have an appropriately certificated teacher, the course cannot be reported as a MOCAP course. Therefore, do not enter a program code; enter only the delivery system from Exhibit 34.

LEAs as Courseware Providers That Are NOT in the MOCAP Course Catalog
• Section 162.1049, RSMo requires nonresident district and resident district shall accept each other’s credits.
• LEAs may develop and provide online courses for other LEAs if standards in Section 162.1250, RSMo have been met.
• When purchasing virtual education from a Missouri LEA, the educating LEA (receiving) must coordinate with the sending LEA (where the student is enrolled) under the Cooperative Agreement - Resident 1.
• These are not MOCAP courses, so do not enter a program code; enter only the delivery system from Exhibit 34.

For more information about MOCAP, please contact DESE.MOCAP@dese.mo.gov or 573-522-3651 or visit the MOCAP website.
