LETTER FROM THE SUPERINTENDENT

I am so glad you are reading the eighth edition of the Maroon & Gold! Our goal is to keep our patrons connected with what is happening in the school and with Eldon Alumni. I know we all have some great memories of our school. It could be your favorite teacher, your best friend that you haven't seen for years, your coach, your bus driver, or the cook that made you smile. We want to do our best to remember those days but also focus on the great things that are currently happening. In order to accomplish this, we need you to send us ideas about who to interview for our stories. I believe the Maroon and Gold is going to be the venue that allows Eldon Alumni to stay connected. Send your information to wendy.winters@eldonmustangs.org or mail it to her at 101 South Pine St. Eldon, MO, or call Wendy at 573-392-8010 ext. 1009

Another idea I want you to consider is coming back home. We continually strive to make our school and community one of the best places in the state. I believe you and your family will make an economic impact on our community. You will help us build an even better community that has a great infrastructure, great schools and great people. I feel blessed to live in Eldon, I know you will, too.

We are including information about some job opportunities in the area. Please take a look at them and see if any of them fit your needs.

I hope you enjoy the Maroon and Gold!

ELDON TOWN PLAN

GRO ELDON'S PLAN TO
ACHIEVE COMMUNAL
PROSPERITY

Members Since 2020

Prepared by: The GRO Eldon Core Leaders
GRO Program Coordinator: Matt Davis
Technical Support Provided by: Innovation Economy Partners

GRO ELDON

WHAT IS GRO?

Growth In The Rural Ozarks (GRO) program launched in 2016 to help Missouri towns design and launch community and economic development initiatives that bring sustainable local prosperity. The GRO program has grown over the years to include nine communities and tap into the knowledge of more local leaders.

KEY FOCUS AREAS FOR GRO

1

COMMITTED LEADERSHIP

- Governance & Planning
- Action & Accountability
- Resource Development

2

ENGAGED CITIZENS

- Community Outreach & Programming
- Academic & Experiential Learning
- Community Support Services

3

VIBRANT PLACE

- Quality & Affordable Housing
- Public Spaces & Experiences
- Town Infrastructure

4

RESILIENT ECONOMY

- Create It: Entrepreneurship and Innovation
- Grow It: Expand local businesses
- Attract It: Bring in new businesses

COMMUNITY COLLABORATIONS

PERIODIC CONVENINGS FOR GRO COMMUNITY LEADERS TO SHARE, LEARN, AND COLLECTIVELY EVOLVE.

- HOUSING
- RURAL HEALTH
- COMMUNITY ENGAGEMENT
- ECONOMIC DEVELOPMENT
- CHAMBER CONSORTIUM
- BUSINESS SPEAKER EVENT

WHY DID ELDON JOIN GRO?

Eldon has a small-town feel with a drive for continuous improvement. Many towns can be resistant to change, but Eldon is constantly improving. We joined the GRO family to bond the businesses, city, and schools together. We are creating a united vision and working toward making that bond a reality.

OUR VISION

Together We Rise!

INITIAL ASSESSMENT & FINDINGS

OUR COMMUNITY'S VOICE

Our big observation: The residents of Eldon continue to express very positive views of the community. The residents very much appreciate the progress that is being envisioned, planned and executed in the community. The number one focus for the community needs to be around investing in placemaking improvements so that the community can be attracting to young families.

THE ASSETS THAT WE NEED TO BUILD ON

- We embrace our youth and educate them to become active members of the community in hopes for them to continue as leaders of the town.
- There are several originations and projects for the community to get involved and have a voice.
- We are proud to help each other and be citizens of Eldon.
- We have a beautiful park and recreational facilities including a golf course and bowling alley. Soon to be coming is the Rock Island Trail.
- School district has several opportunities available to help our students thrive. We have a very active chamber of commerce vested in the businesses and community.
- Have been working in the past 5+ years in identifying affordable housing.
- We have medical and dental practionars easily available along with local pharamcy.

GRO INITIATIVES

2023 OBJECTIVE

The number one goal for the Eldon team is to focus and execute on a small set of priorities.

WINS TO DATE

Heart of the Program: A Strong Leadership Team

GRO Program sits on the shoulders of strong inspired and inspiring local leaders who are committed to seeing their community thrive. We thank you for your commitment and your leadership!

- Mara Clement
- Linda Conner

- and many more...

Strengthening Eldon's Infrastructure

The city has undertaken several different projects this year: Lining sewer pipes, ordering equipment to refurbish wastewater treatment, and refurbishing concession stand at Apperson Park. The city also received a **\$750,000 grant** to repair stormwater drain next to High School.

New Factory in Eldon!

Quaker Window Products is building a **\$65 million** campus along in Eldon. This summer the company started constructing in its third phase. This third phase involves a new **250,000-square-foot** commercial window and door facility. Bringing more than **150 jobs** to Eldon!

Rock Island Depot

The Rock Island Depot depot was originally the place where products were unloaded from trains and carted to the local shop owners. The new depot is constructed in the same location to welcome visitors from the Rock Island Trail and usher them to downtown Eldon amenities. Leaders in Eldon have spent over eight years working toward initiating the construction of the depot..

GRO Eldon's Biggest Win!

Eldon has made tremendous strides in the last 2 years in methodically creating an environment where the City Hall, the School District, and the Chamber are working very closely. This synergy positions Eldon very well for collectively driving impact.

GRO ELDON'S PROJECTS

OUR ELDON LOCAL LEADERS ARE FOCUSING ON THESE FIVE EFFORTS TO BETTER ELDON'S PATH TO PROSPERITY. LEARN MORE ABOUT ELDON'S PROJECTS AT WWW.GROZARKS.COM

The Herbert Family: Proud Alumni Making a Positive Impact

The Eldon Alumni Magazine is thrilled to showcase the remarkable achievements and contributions of the Herbert family, proud Eldon High School alumni who have left an indelible mark on their community and beyond. From educational leadership to political campaigning, from healthcare administration to pursuing dreams in nursing and fostering positive change, the Herbert family exemplifies the values and spirit of Eldon High School.

Michele Campbell Herbert, a shining example of Eldon High School's educational excellence, has been making a difference in the lives of students for decades. After marrying Mike Herbert in 1993, Michele pursued her passion for education, earning a Bachelor of Elementary Education from Central Missouri State University. Her commitment to continuous learning led her to achieve a Master's Degree from Lincoln University in 2000 and an Education Specialist degree from William Woods in 2013. Throughout her career, Michele has been dedicated to the Eldon School District, working at South School for over 15 years in various roles, including first-grade teacher, second-grade teacher, speech implementer, reading teacher, and

literacy coach. Presently, she serves as the Principal at South Elementary School, an accomplishment she has proudly held for eight years. Mrs. Herbert is the best living example of the school's mission as she encourages rigorous learning of her students and staff, collaborates with aspiring teachers to generate lessons with relevant life applications, and cultivates personal and meaningful relationships with staff, students, and community members.

As Michele recalled her favorite high school teachers she remembered recognizing through them the positive student impact a dedicated teacher can make. She also loved her time hanging out with special friends and the camaraderie built playing in the band. Michele cherishes the memories of her time as a supportive parent cheering on her two daughters participating in athletic events while proudly wearing the maroon and gold of Eldon.

As she looks to the future, Michele remains committed to her community and hopes to continue her journey of lifelong learning and contributing to the growth and success of her cherished hometown.

Mike Herbert, a 1985 graduate of Eldon High School, has had a remarkable career in public health. After earning a BS in Business Administration from the University of Central Missouri in 1991, Mike spent 30 years serving the public, including 25 years with the Missouri Department of Health & Senior Services, where he served as a Disease Investigator and later

became the State's STD/HIV Director. Upon retirement from the state in 2017, Mike joined the local health department, the Miller County Health Center, where he currently serves as the Administrator. His work in public health has had a direct impact on friends, family, and neighbors, emphasizing the significance of community partnerships to improve health and wellness. Beyond his professional achievements, Mike is a devoted Kansas City Chiefs fan. For over three decades, he and his family have united to support the team, attending games and even meeting legendary figures like Lamar Hunt. As his wife and daughters have grown into avid fans, Mike continues to cherish their shared passion for the Chiefs. As a family they travel each year to an away game to spur their team on to victory on the road.

The Herbert Family at a Kansas City Chiefs football game in 2020.

With his daughters now grown, Mike looks forward to getting back into fishing while remaining an avid supporter of Eldon and its endeavors.

The couple's oldest daughter, Halle Herbert, had an active and successful tenure during her time at EHS. Involved in numerous extracurricular activities, including FFA, NHS, DECA, and Student Council, Halle graduated Summa Cum Laude in 2017. She pursued a Bachelor of Science in Political Science with a minor in Sociology from Missouri State University, completing her degree in just two years. Following her graduation, Halle embarked on a remarkable journey in politics and public service. She played a crucial role in a gubernatorial campaign for the State of Missouri, worked on Capitol Hill for

United States Congressman Blaine Luetkemeyer, and was the Political Director for a United States Senate Race. Presently, Halle serves as the Legislative Liaison for the Missouri Department of Public Safety. As she charts her course in public service, Halle remains deeply connected to her roots in Eldon, drawing

Halle in front of the United States Capitol building in 2021.

inspiration from her community and the values instilled in her during her upbringing. With a passion for running and staying active, she uses the resilience learned from her high school sports coaches to propel her forward in both her personal and professional life.

Their youngest daughter, Anna Herbert, a graduate of Eldon High School's Class of 2020, also shone brightly during her time at EHS. Actively involved in track and field, basketball, band, and other school organizations, Anna's dedication and hard work earned her recognition as Academic All-State for Track and Field.

Following her high school graduation, Anna

Halle and Anna compete at an EHS track meet in 2017.

Herbert cont.

pursued her education at SBU and later transferred to MSU, where she plans to continue her studies in pursuit of a nursing degree. Her aspiration to work in the healthcare industry stems from her desire to assist individuals during their most vulnerable moments, making a positive impact on the lives of others.

As she embarks on her journey toward becoming a nurse, Anna enjoys spending time with family, playing pickleball, and traveling with friends. Her determination to make a difference in people's lives and her commitment to continuous growth reflect the core values instilled in her during her time at Eldon High School.

Michele with a student at Pre-School Graduation.

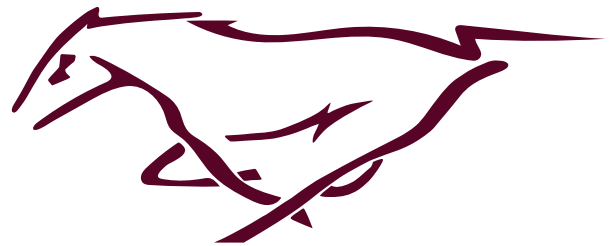

The Herbert family stands as a testament to the transformative power of Eldon High School, where they cultivated their values, passions, and ambitions. From leadership in education to nursing, from politics to public health, and from fostering community connections to championing Chiefs fandom, each member of the Herbert family contributes to the spirit and success of Eldon. We are proud to feature the Herbert family in this edition of the Eldon Alumni Magazine and celebrate their ongoing contributions to the world around them.

Empowering Communities and Fighting Hunger

Photo by Marshall Meadows

In the heart of Missouri, a dynamic force for change is making waves in the fields of community development, hunger alleviation, and agriculture advocacy. Meet Holly Enowski, a driven and multi-faceted young professional whose commitment to bettering communities has been an inspiration to many. With a deep-rooted connection to her farming heritage and a fervent drive to create a positive

impact, Holly's journey is one that exemplifies dedication, passion, and resilience.

Holly's story begins in the rural outskirts of Eldon, Missouri, where she grew up as a proud farmer's daughter. Her upbringing instilled in her a strong sense of responsibility towards community and a love for agriculture. This foundation led her to pursue a degree in Science and Agricultural Journalism, with minors in International Agriculture, Business, and Agricultural Economics, from the University of Missouri.

Not content with just one academic achievement, Holly furthered her education by earning a Masters of Business Administration from Washington University in St. Louis. Armed with a unique blend of knowledge in both agriculture and business, she was well-prepared to take on the challenges that lay ahead.

Holly's journey towards making a tangible difference was catalyzed by a pivotal moment – an encounter with 'the Buddy Pack Bully.' She witnessed an older student stealing a Buddy Pack from a grade school student who was in need of the food that the school had sent home with him and this infuriated her and sparked a fire to take action to meet the needs of those facing food insecurity. This marked the beginning of her decade-long dedication to addressing food insecurity at local, national, and global levels.

Her brainchild, the community service initiative named "Hungry for Change," has become a beacon of hope for those battling hunger. Through this program, Holly equips and empowers individuals of all ages to join the fight against hunger. With a commitment to service, she dedicates over 250 hours each year to this cause, making a significant impact on countless lives.

Holly's commitment to achievement

Holly's fifth grade class of 82 students from her summer internship in Kenya in 2016

started in high school where she was active in band, FFA, FBLA, and DECA. She was guided and empowered by her endearing instructors: Coach Campbell, Mr. Biddle, Mr. Reichel, Mr. Schmidt, Mr. and Mrs. Haley, Mrs. Henderson, Mrs. Rohwer, Bandman, and Mrs. Hanks. Holly showcased her talent through competition at the national level in FFA, FBLA, and DECA and reining as drum major in band. She credits her high school involvement as the foundation to her impressive journey.

However, Holly's journey wasn't confined to the local stage. Her dream of becoming Miss Missouri began early, stemming from her victory as Miss Miller County Teen in 2012. She turned this aspiration into reality, showcasing her marimba talent and earning prestigious awards at Miss Missouri pageants. Her consistent placements in the top five, including a first runner-up in 2023, underscore her unwavering dedication and growth on this path.

When she's not dazzling audiences on stage, Holly finds solace and joy in her passions and hobbies. Her connection to her family's farm, kayaking at the Lake, and enjoying local delicacies like Arris Pizza are all part of her vibrant life. Yet, her commitment extends beyond personal enjoyment. Holly coordinates the Missouri Youth Institute, a conference aimed at educating high school students about global challenges and food insecurity – a program she initiated while still in high school herself.

As Holly stands at the crossroads of her journey, her accomplishments thus far are merely stepping stones towards an even brighter future. Currently working with Sustainable Agriculture and Food Systems Funders, she's

Holly with her pageant titles.

Photo taken by JC Productions and Pageants Live

Holly was named first runner up in the 2023 Miss Missouri pageant.

Enowski cont.

actively involved in organizing events and agricultural programming. Her dedication to the University of Missouri's College of Agriculture, Food and Natural Resources' International Programs Office speaks to her unwavering commitment to education and growth.

Holly's vision for the future is characterized by her passion for combating hunger and fostering economic development. Yet her aspiration to become Miss Missouri remains steadfast, driven by a desire to represent her community on a state-wide platform.

As we follow Holly's journey, it's clear that her story is one of inspiration, empowerment, and relentless pursuit of positive change. With each step she takes, she leaves an indelible mark on the communities she touches, reminding us all of the power of dedication and the profound impact of a single individual. To learn more about Holly's journey and her ongoing work, follow her online at @hollyenowski and visit her website at www.hollyenowski.com.

Holly and Christina in the EHS Jazz Band in 2016.

2016 FBLA OFFICERS. Pictured left to right: Bri Henderson, Holly Enowski, Christina Beard.

2016 Alumna Christina Beard: A Journey of Music, advocacy and Achievement.

Photo by Matt Boyd Photography

Christina Beard's melodies resonate far beyond the notes she plays. A private music teacher and owner of Christina Beard's Music Studio, Christina's dedication to her craft, her advocacy for autism acceptance, and her musical talents have made her a cherished member of both the local community and the broader stage.

A graduate of Eldon High School's Class of 2016, Christina's journey into the world of music and advocacy began early. Her alma mater played a significant role in shaping her path. During her time at EHS, she wasn't just a student; she was a musical force. From band to jazz band and chamber choir, Christina's commitment to her musical pursuits was unwavering. Her involvement extended beyond the realms of music, as she engaged in clubs like FBLA, honing her leadership skills and volunteering for her community.

While reminiscing about her EHS days, Christina's eyes light up with memories of Friday night football games, halftime performances with the Marching Mustangs, and the exhilarating spirit of homecoming week. Her dedication to music and community involvement was recognized with numerous accolades, including top ten rankings each year, participation in the National Honor Society, and standout performances at the Missouri State Music Contest.

One standout memory was the creation of a winning video she created for the Eldon Mustang Cookie Company, a venture that ultimately benefited the special education class with a generous grant. Such experiences enriched Christina's high school years, fostering personal growth and a sense of purpose.

Christina's journey continued at Drury University, where she earned a Bachelor of Arts in Music and a minor in Communication in 2020. However, her learning wasn't con-

finned to the classroom. Her involvement in the Miss Missouri Scholarship Organization provided her with opportunities for personal growth, skill development, and connections that have shaped her advocacy and ambitions.

As a tireless advocate for autism acceptance and inclusion, Christina's passion stems from her personal experiences. With a brother diagnosed on the autism spectrum, her advocacy is rooted in genuine understanding and love. Through her initiative, "Autism Through a New Lens," she spreads awareness, educates communities, and fosters a more inclusive society. From interactive school presentations to working with disability nonprofits and lobbying for meaningful legislation, Christina's advocacy extends far beyond her music.

While advocacy is her mission, music remains her heart and soul. Proficient in playing the fiddle, flute, piccolo, piano, guitar, and singing, Christina's love for music is infectious. Her dream of becoming a professional fiddler has been nurtured since childhood, and she envisions herself performing in Branson or recording music

"I hope to inspire others to go after impossible dreams."

in the vibrant Nashville scene.

In the heart of Eldon, Christina Beard's Music Studio isn't just a place for music lessons—it's a haven where passion, advocacy, and dreams converge. Through her dedication to music, her advocacy for autism acceptance, and her unwavering commitment to her community, Christina Beard is a living embodiment of the power of music to inspire, heal, and connect. As her journey continues, her story serves as a testament to the boundless possibilities that emerge when passion and purpose intertwine.

Celebrating the Legacy...

Celebrating the Legacy of Coach Cloyce Klein: A Lifetime of Dedication to Education and Athletics
The life of Cloyce Klein is synonymous with education, athletics, and community service. With roots deeply entrenched in the Eldon School system, Coach Klein's story is one of unwavering dedication, countless victories, and a profound impact on generations of students. This article pays tribute to a man whose name echoes through the halls of Eldon schools and whose influence extends far beyond the courts and fields he coached on.

Cloyce Klein was united in marriage to Lora in September of 1974, marking the commencement of a shared adventure with his patient bride that would shape the lives of countless individuals. Both had called Versailles home, but they quickly established a firm foundation in the Eldon community. A love for teaching and learning was clearly a familial trait, as their two children, Missy and Matt, followed in their parents' footsteps, dedicating their careers to education.

Coach Klein's journey in education culminated at Central Missouri State University-Warrensburg, where he earned a Bachelor of Science degree in

Physical Education. His passion for teaching led him to Eldon, where he completed his student teaching and later returned to teach physical education and coach multiple sports. His career path saw him transition from California, MO to Eldon, with each step reinforcing his commitment to the students and the community he served.

For nearly four decades, Coach Klein devoted his heart and soul to the Eldon School District. His coaching prowess extended across various sports, seamlessly transitioning from one season to the next without pause. Early mornings, late nights, and intense game days became his norm, all made possible through the unwavering support of his beloved wife, Lora. Their enduring partnership became an integral part of his journey, a testament to the resilience required to nurture both a family and a community.

Coach Klein's achievements over the years are a testament to his dedication and expertise. He achieved presidency in the Missouri Basketball Association and received accolades such as the Tri-County Basketball Coach of the Year in 1994 and 1999, as well as District 9 Basketball Coach of

the Year in 1999. His influence stretched beyond sports, as he became an active member of the Eldon community, serving in various capacities within city government and public services. In 2016 he was honored with the prestigious title of Eldon Citizen of the Year for his unwavering dedication to the community.

Perhaps one of the most endearing titles Coach Klein earned was simply "coach." His impact reached far beyond the courts and fields, shaping the lives of countless young athletes. He proudly served as the head boys' basketball and track and field coach and later as the Athletics Director for Eldon Middle School. Under his guidance, Eldon's Aquatic Center earned recognition as one of the premier pools in Missouri. The pinnacle of recognition came recently with the naming of the middle school basketball court in his honor - a fitting tribute to a man who poured his heart into every game and practice as coach and athletic director.

Coach Klein's favorite memories reflect the profound connections he forged with his players. He fondly recalls the players who embraced a winning attitude, the exhilaration of football district championships, and the joy of witnessing players grow through the fundamentals he instilled. His impact was not only felt during games but in the jokes he shared, the nicknames he playfully bestowed, and the genuine camaraderie he

Cloyce and Lora.

fostered.

The words of player Shane Matzen describe "Coach" perfectly, "I owe so much to Coach Klein. For winning the unforgettable game in the old gym on a Saturday morning against Jefferson City, and for the five years Coach used to pique my interest in coaching by having us high school players coach the 6th grade intramurals. I recall the time he called me at school on the day after my team lost in districts just to see how I was doing, he was still "my coach". This action touched me greatly. He gave me a start in the

1981-82' 8th grade boys basketball team. Coach Klein's first year coaching at EMS.

coaching profession and my boys benefitted from my efforts due to the inspiration I took from him. A visit to Eldon is not complete without a visit with Coach Klein”

As he reflects on his storied career, Coach Klein’s heart is filled with gratitude for the countless lives he touched and the enduring relationships he cultivated. Today, his pursuits are centered around spending quality time with his wife, children, and cherished grandchildren, creating new memories that continue to enrich his life.

In the annals of Eldon’s history, Coach Cloyce Klein’s legacy stands as a beacon of dedication, mentorship, and community spirit. His story is a testament to the power of education, athletics, and the enduring impact one individual can have on a town and its people.

The Norris Henley Family

Celebrating 75 years of Community

Norris and Dianne Henley with daughter, Lynne Millard.

In the heart of Eldon, Missouri, where the threads of history and community intertwine, resides a couple whose journey has not only shaped their lives but also left an indelible mark on their hometown. Dianne and Norris Henley, beloved alumni of Eldon High School, embody the spirit of dedication to family and community.

Their story began within the hallowed halls of Eldon High School, where Norris Henley, a member of the Class of 1964, embarked on a path that would forever tie him to his alma mater. His dedication to sports, marked by his participation in the football, basketball, and track teams, left an imprint of school spirit on his heart. Likewise, Dianne Henley, who graduated in 1965, was

a dedicated cheerleader and demonstrated her musical talent. Back then, cheerleading was the only avenue for girls to partake in organized athletic activities.

Their journey of love and partnership began after both pursued higher education in Warrensburg. Following college and a two-year stint in the army, they exchanged vows in 1969. From that point forward, Eldon became the canvas upon which they painted their lives. They put down roots, with a brief sojourn to North Carolina during Norris's military service, and have since remained integral to the community's fabric.

The Henleys' commitment to Eldon echoes through their roles as business owners, parents, and community figures. The proud parents of three children—Lynne, Matthew, and Michael—their legacy extends through the generations. Lynne, an Eldon High School graduate of 1990, taught 3rd grade in the Eldon school district for seven years and is now pursuing course work to earn the title of Graduate Gemologist, a testament to the family's enduring connection with jewels. She is married to Robert Millard, a 1988 Eldon graduate who works as an Account Executive for Dell. Their three girls attended Eldon Schools until the family moved to Jefferson City. Matthew, a member of the Class of 1994, has ventured into the world of software

Dianne and Lynne always ready with a smile.

development and consulting in Kansas City, and is now part owner of 23Global, a computer software development company. His wife Lindsay is a teacher at the Highlawn Montessori School. The couple have two daughters. Michael, who graduated in 2001, serves as the production manager for Adient Eldon. He is married to Kyle Grimes/Henley, a 2003 Eldon graduate who is employed by a real estate agency. Their two children attend Eldon Schools and will someday be

Norris working on a watch.

distinguished alumni as well. Notably, the Henleys' life investments aren't confined to the family tree—it extends to their business, Henley Jewelers, Inc. A mainstay in Eldon for 75 years, their enterprise is a symbol of craftsmanship and community support. The sentiment, "You cannot retire!," is the cry of their customers as they continue to brighten lives with their beautiful creations.

Norris's recollection of being part of the first undefeated Eldon High School football team evokes memories of triumph and unity. The games, the bus rides, and the cheering—the shared experiences created bonds that have stood the test of time. Dianne's memory of

being part of the first freshman class in the 'new' high school building is a testament to the pride they have in the school's growth over the years.

Beyond their professional and family life achievements, the Henleys are avid golfers and passionate about fishing for crappie. They find solace in their family farm, a retreat where nature and togetherness intertwine. Dianne's dedication to teaching yoga and water fitness highlights her commitment to

Henley cont.

wellness and community engagement.

As they reflect on their journey, Dianne and Norris express gratitude for the opportunity to meet new people daily and uncover the stories that draw newcomers to Eldon. Their aspirations for the future are simple and yet profound: to witness the success and happiness of their children and grandchildren, and to see the legacy of Henley Jewelers carried forward by the third generation. In a world that constantly evolves, Dianne and Norris Henley remain constants, pillars of a community they have helped shape and a legacy they have built with unwavering devotion. Their story is a testament to the power of commitment, family, and the enduring bonds of alma mater and hometown alike.

Grow Your Own

Continuing the Tradition

2015 Alumna Adrienne Barry

Adrienne teaching math to her second grade class at South Elementary.

Adrienne Barry, a passionate second-grade teacher at Eldon South Elementary, has deep roots in the Eldon community. Having spent her entire K-12 education as a Mustang, Adrienne's journey from student to educator is a testament to her unwavering commitment to her alma mater.

After graduating from Eldon High School in May 2015, Adrienne pursued her love for music and elementary education at the University of Central Missouri. Over the course of three years, she immersed herself in her studies, laying the foundation for her future career. In May 2020, Adrienne proudly earned her Bachelor of Science in Elementary Education degree from Central Methodist University. Eager to make a difference in the lives of young learners, Adrienne joined Eldon South Elementary in August 2020. Her dedication to professional growth led her to embark on a Master's program in

Reading Instruction during the same school year, which she commenced in January 2021. Recognizing her exceptional skills and passion for teaching, Adrienne transitioned from a reading para to a 2nd-grade teacher in August of that year.

Adrienne's commitment to her students and her craft is evident in her pursuit of further education. In April 2022, she proudly graduated from William Woods University with a Master of Education in Reading Instruction. Her relentless pursuit of excellence did not go unnoticed, as she was honored with the prestigious 2023 New Professional of the Year award for the Eldon School District at the end of her second year of teaching.

Reflecting on her time as a student at Eldon High School, Adrienne fondly recalls her involvement in various extracurricular activities. She was an active

Commitment, Compassion and Community ~Since 1906

member of FFA, marching and concert band, jazz band, yearbook, and the National Honor Society. Homecoming and Courtwarming days held a special place in her heart then, and as a teacher, they continue to be her favorite days of the year. The energy and camaraderie displayed during these events embody the spirit of being a Mustang, creating lasting memories for all involved.

What truly makes Adrienne's journey remarkable is her return to the same building and district where she was once a student. Working alongside her former K-12 teachers is a humbling experience for her, as she recognizes the honor of "continuing the tradition" of being a Mustang. Adrienne's deep connection to the community and her role as an advocate for growth allow her to shape the lives of new generations of Mustangs, ensuring that the legacy of excellence endures.

Beyond her teaching career, Adrienne finds solace and inspiration in her faith and family. These pillars have played a significant role in shaping her character and values. In her free time, she indulges in crafting, reading, and cherishing moments with her loved ones, including her family, friends, and pets.

Looking ahead, Adrienne's goal is to continue her journey as an educator, nurturing and supporting the next generations of Mustangs both within the classroom and the community. Her unwavering dedication and passion for teaching serve as a guiding light for her students, empowering them to reach their full potential. As she continues to make a positive impact on the lives of her students, Adrienne embodies the true spirit of being a Mustang, inspiring others to embrace their own journey of learning and discovery.
