Recruitment and Hiring Procedures

The Board of Education recognizes the importance of having well-qualified staff to assure an efficient and effective educational program. It is the policy of the Board to select the most qualified staff available in light of the services to be rendered. All positions in the school system are established by the Board and recommendations for employment are presented to the Board for approval.

Employment Equality

The district is an equal opportunity employer. The district employs, assigns and promotes according to individual qualifications and assures equality of opportunity regardless of race, color, sex, religion, national origin, age or disability. The district hires only citizens of the United States and person who are legally authorized to work in the United States. The district's hiring procedures comply with all federal and state laws, including laws prohibit discrimination. The district is enrolled and actively participates in a federal work authorization program in accordance with law.

Professional Staff Hiring (Policy GCD)

Because an effective educational program requires quality staff members, The Board and administration of the district make every effort to attract and retain the most highly qualified personnel. All teachers and administrators must have valid certification to teach in Missouri Schools.

Efforts will be made to recruit the best qualified candidate for each position. New or vacant positions are posted in the district's buildings, on the district's website and publicized externally by other means as determined appropriate for a period of five business (5) days. However, if it would be detrimental to wait five (5) business days, the position may be advertised for a many days as is appropriate. If the same or similar position was recently advertised, the district may utilize applications previously received without re-advertising the position. A position is not considered vacant if an existing employee is assigned to the position.

If an employee under contract with the district is not released from the contract and chooses to break the contract, the district is entitled to compensation for the costs of finding a suitable replacement, training expenses and other disruptions. Because the actual damages will be difficult, if not impossible, to

ascertain, the Board agrees that the following damage amounts are a reasonable estimation of the damages:

June 1- June 30	five percent of contract amount
July 1- end of contract	ten percent of contract amount

Support Staff Hiring (Policy GDC)

To provide a positive educational environment for students, the district must employ quality staff members. Efforts will be made to recruit the best qualified candidate for each position. New or vacant positions are posted in the district's buildings, on the district's website and publicized externally by other means as determined appropriate for a period of five business (5) days. However, if it would be detrimental to wait five (5) business days, the position may be advertised for a many days as is appropriate. If the same or similar position was recently advertised, the district may utilize applications previously received without re-advertising the position. A position is not considered vacant if an existing employee is assigned to the position.

Professional Staff Extra Duty (Policy GCKA)

Professional staff members are expected to assume reasonable duties over and above their regular teaching responsibilities. Activities and services which make minor demands on a teacher's time shall be part of each teacher's basic assignment. Teachers shall take turns selling tickets to extracurricular events and supervising student at those activities when assigned by the principal. Schedules of supervisions, sponsorships and activities are assembled by the building principals. Administrations strive to equalize those duties among teachers.

Extra duty assignments which make major demands on a teacher's time shall be compensated in accordance with an extra-duty allowance salary schedule established annually by the Board. Extra duties shall be defined as those duties and responsibilities in conjunction with but not a part of the regular teaching assignment, but considered as a part of the teaching act. These duties are not considered subject to the provisions of the Teacher Tenure Act. Faculty members to be appointed to extra-duty positions will be recommended by the superintendent and approved by the Board. Appointees will be issued a letter of appointment for the terms of their extra-duty employment stating the particular assignment and the compensation to be paid. Professional staff members will be paid stipends that are commensurate with the demands of their specific extra-duty assignments. Most stipends will be paid on an annual or seasonal basis, although certain assignments not related to the teaching act, performed at irregular or infrequent intervals, may be paid at an hourly rate.

Part-time and Substitute Employees (Policy GB-1)

The district regularly employees part-time and substitute employees. Part-time employees and substitutes are required to meet all background checks, screenings and test required of full-time district employees. Substitute teachers must obtain certification from the Missouri Department of Elementary and Secondary Education.

Verification and Employment

All employment certification are completed by the Central Office using e-verify. All new employees are required to complete an I-9 form along with supporting documents within 3 days of their first day of work.

Criminal Record and Child Abuse Registry Check (Policy GBEBC)

The Eldon R-I School District is committed to providing a safe environment for students to learn. As part of this effort, in accordance with this policy, the district will require criminal background checks of employees as well as certain volunteers and others working on school grounds.

Reassignment and Reduction of Work Force (Policies GC, GCPA and GDI)

All personnel are subject to assignment and reassignment as the needs of the district warrant.

Reassignment is the transfer to another position, department or facility that does not necessitate a change in employment contracts. The Superintendent has final placement authority in reassignments. Although the Superintendent will take the employees expressed preference into consideration, the ultimate decision must be based on the district's needs.

The district will accept requests for transfer from employees, but will only honor those requests when it is in the best interest of the district and the educational program to do so.

The Board of Education may place as many teachers on unrequested leave of absence as may be necessary due to a decrease in student enrollment, school district reorganization or the financial condition of the school district. The Board of Education shall be the sole judge that one or more of the above conditions exist.

Staff Development (Policy GCL)

The Board of Education of the Eldon R-I School District recognizes the relationship between high-quality professional development and student achievement and therefore commits to a high-quality professional staff development program. The program will be aligned with the current Comprehensive School Improvement Plan (CSIP) and based on available student achievement data and the results of needs assessment at the school and district level.

Personnel Records (Policy GBL)

It is the intent of the Board of Education to maintain complete and current personnel files, including all information necessary to comply with the Fair Labor Standards Act, for all district employees.

The file of an individual employee will be considered confidential information and a closed record, to the extent allowed by the law, and will only be available to authorized personnel and to the employee. Individually identifiable personnel records, performance ratings or records pertaining to employees or applicants for employment are closed records under the Missouri Sunshine Law to the extent allowed by law. Pursuant to state law, the names, positions, salaries and lengths of service of all employees are public information and must be released upon request. In accordance with federal law, the district shall release to parents, upon request, information regarding the professional qualifications and degrees of teachers and the qualifications of paraprofessionals who are employed by a school receiving Title I funds and who provide instruction to their child at that school.

Notification to Potential Employers and the General Public (Policy GBLB)

The district will maintain information regarding current and former employees as confidential within the limits of the law. Only the superintendent or a person or persons specifically designated by the superintendent may respond on behalf of the district to a reference request for a current or former employee. District employees must direct reference requests to the superintendent or designee. Upon request, employees will assist the superintendent or designee with the preparation of accurate reference information.

Disclosing Allegations of Sexual Misconduct to Other Public Schools (Policy GBLB)

If a potential public school employer requests a reference regarding a former employee whose job involved contact with children, the district will, in accordance with state law, notify the potential public school employer if the employee was terminated, non-renewed or allowed to resign in lieu of termination as a result of allegations of sexual misconduct with a student or as a result of such allegations being substantiated by the Children's Division child abuse and neglect review board.

If a potential public school employer contacts the district for a reference for any former employee about whom the CD has investigated allegations of sexual misconduct with a student and reached a finding of substantiated, the district will provide the results of the CD investigation to the potential public school employer, regardless of whether the employee's job involved contact with children.

The district must provide these notifications regardless of whether the former employee has authorized the release of information. The district will provide due process as required by law prior to releasing information in accordance with this section, if feasible. The superintendent or designee is authorized to contact the district's attorney for advice on implementing this policy in accordance with law.

Staff Salary Schedules, Including Placement on Salary Schedules

Instructional Staff (Policy GCBA)

An adequate salary schedule is necessary to secure new teachers who are personally competent and professionally well prepared, to encourage the professional growth of teachers while in service, and to retain the most competent teachers while in the school system. The Board of Education shall annually adopt a salary schedule having the following essential features:

- A salary for those beginning in the system, which will be at or above the minimum salary established by state statute.
- Increments shall be added for each step up to the limits provided by the schedule.

The superintendent of schools shall prepare salary schedules for approval of the Board of Education and implement the salary schedules adopted by the Board of Education. The superintendent may consult with staff members in preparing the salary schedules.

Experienced teachers who are new to the school district are allowed to receive credit for all previous teaching experience. No one can advance more than one (1) step vertically per year. The salary a teacher will receive will be determined at the time the teacher contracts with the district, or by June 1 for tenured teachers. A teacher cannot progress on the salary schedule after entering into a contract for a school year, unless authorized in the contract.

Any transcripts showing continuing education that may move a certified employee on the salary schedule need to be submitted to the Central Office on or before September 1.

Support Staff (Policy GDBA)

The Board will annually adopt salary schedules for the various categories of support staff personnel. Each support staff member will be placed on the appropriate schedule commensurate with, but not limited to, job category, experience with the district and, if re-employed, satisfactory performance in employment position. Effective July 1, 2012, newly hired classified staff will start at step one of their salary schedule.

Employees on the “old salary schedules” (in place prior to the schedules approved by the Board of Education on May 21, 2012) may move to the current salary schedule effective July 1 of the next fiscal year. Notice of the decision to change salary schedules must be given to Human Resources prior to July 1 of the next fiscal year. Once on the current salary schedule, the employee may not move back to the previous salary schedule.

The schedules adopted by the Board will remain in effect until changed or modified by the Board.

Stipends

Employees who perform certain extracurricular or supplemental duties may be paid a stipend according to the district’s stipend schedule.

To be eligible to receive extra pay for extra duties, the following shall apply:

1. There must be prior approval by the immediate supervisor or superintendent for the extra pay.
2. As a general rule all duties for which extra pay for the certificated staff is allowed is outlined in the annual school budget approved by the Board of Education. Exceptions are those duties for which it would be impractical to give equal assignments to all staff members. (Example: scorekeeper at basketball games)
3. No overtime shall be worked by classified staff members without prior approval of the employee's immediate supervisor and superintendent, and all time sheets which request payment for overtime shall be signed by the supervisor who authorized the overtime.
4. Total compensation for extra duties shall be paid in equal installments during the fiscal year, subject to deductions and withholding required by law or authorized by the Board and the Employee.

Payroll Deductions (Policies GDBC, GCBC, GCPC & GDPC)

Automatic payroll deductions for the Missouri Public School Retirement System (PSRS) or Public Education Employee Retirement System (PEERS), Social Security, Medicare and Federal and State income tax are required for all full time employees as applicable.

In addition, employees may elect deductions for the employee's share of premiums for health, dental, vision, short-term disability and life insurance, flexible fringe benefit programs and tax deferred savings plan. Employees may also request payroll deduction for payment of membership dues for CTA. Salary deductions are automatically made for unauthorized or unpaid leave.

Direct Deposit

All employees are required to utilize direct deposit. Forms are available on the district website and in the Central office. Please do not close any active accounts without first discussing the matter with Human Resources as this could result in a delay in compensation.

Underpayment/Overpayment Status

It is the district's practice that all employees receive just compensation for work performed. If the district finds that an employee has been paid in error, the district will make arrangements to ensure the employee is paid correctly and in a timely manner. Also, if the district finds that an employee has been overpaid; arrangements with the employee will be made to ensure repayment. This may include an electronic reversal of payment to recover the excess compensation. It is the responsibility of the employee to look over each check and notify the Human Resources office as soon as an error is recognized.

Time Recording and Overtime Rules

Professional and administrative employees are exempt from overtime pay and are employed on a contractual basis, according to work schedules set by the district. School calendars are adopted each year designating the work schedule for all employees and listing holidays.

Non-certificated and support staff employees are typically employed at will and are notified of the required duty days, holidays and hours of work for their position on an annual basis. These employees are not exempt from overtime and are not authorized to work in excess of their assigned schedules without prior approval from their supervisor.

Employees in FLSA non-exempt positions must record all hours worked on each day using the electronic time and attendance system. Overtime and compensatory time are based on hours above 40 actually worked during a week. Meal periods and breaks of twenty (20) minutes or longer do not count as hours worked unless employees are required to perform work duties during that time. Time records are used for record keeping purposes required by law pursuant to Section 778-415. Supervisors should review and approve time records. Gate keepers, score keepers, etc. are considered "occasional and sporadic employment" if seasonal and performing in a different capacity than regular employment.

Expense Reimbursement (Policy DLC)

The attendance of teachers at professional workshops, meetings and conferences is beneficial to improving student achievement. Faculty and staff are encouraged to participate in professional growth activities.

The Eldon School District will pay expenses of meals, and lodging for employees who attend overnight workshops, meetings, conferences, and training sessions out of district, with prior authorization from a supervisor.

Travel costs that are charged to a federal grant or fund award must first be approved in writing by the superintendent or designee who oversees that particular federal program and, when required, the state or

federal contact overseeing the federal funds at the Missouri Department of Elementary and Secondary Education (DESE).

Travel will be reimbursed at \$.655 per mile paid from Eldon to the destination or from home to the destination, whichever is less.

The district will not pay for hotel expenses unless an overnight stay is necessary to attend the function or returning to the district would be unsafe or cause the Board member or employee to travel late at night. Eldon School District will not pay for lodging within a 60-mile radius of Eldon without prior approval by the Superintendent.

Payment Method

1. *Direct Payment by District* – Board members and employees are required to register for meetings and make travel arrangements through the district whenever possible so that vendors are receiving payment directly from the district or through a district-issued purchasing card when available and authorized.
2. *Reimbursement* – Board members and employees should only pay for travel costs and seek reimbursement from the district in situations where direct payment by the district is not possible or practical, such as mileage reimbursements or payment for parking fees. Under no circumstances will a Board member or employee be reimbursed above the amount authorized by the Internal Revenue Service (IRS) as reimbursable non-income for an employee.

Documentation for Use of Federal Funds

When federal funds are used for travel, the district must be able to justify the necessity of the travel to the federal program and demonstrate that the costs incurred were reasonable and consistent with the district's travel policy. Therefore, district staff or Board members using federal funds for travel must provide sufficient documentation to the superintendent or designee who oversees the applicable federal program. Such documentation may include, but is not limited to, the following:

1. An agenda of the event attended.
2. A list of attendees at the event.
3. A written statement justifying the expense.
4. Evidence of prior written approval for the expense.

The superintendent or designee may require additional information when he or she determines it is necessary.

Meals

All reimbursements require an **original** receipt. **No credit card receipts are acceptable**, only detailed invoices/receipts. The only reimbursable tax is room occupancy tax. Employees and board members are expected to follow the meal per diem guidelines according to the Office of Administration meal chart. The district will not reimburse employees or board members for the following: gratuities, alcoholic beverages, or the cost of meals that will be paid for or reimbursed by the district as part of the registration fees. Meal expenses will be reimbursed only when purchased out of district during district-approved, overnight travel.

Unauthorized Expenses

The district prohibits any expense that is unauthorized, excessive or unnecessary as determined by the superintendent or designee. Unauthorized expenses include, but are not limited to:

1. Costs associated with the travel of a spouse, child or other person accompanying an

employee or Board member.

2. Care of a dependent of a Board member or employee during the course of the travel.
3. Alcoholic beverages.
4. Snacks in addition to regular meals.
5. Personal expenses, including personal telephone calls.
6. Entertainment, unless the entertainment expense is part of the registration for the event in which the employee or Board member is participating and the expense is business related and typical for the event. These expenses should be approved by the employee's supervisor before the trip begins.
7. Expenses for travel extending beyond the time required for the meeting or business unless it is in the district's financial interest to extend the travel to obtain rate advantages.
8. Expenses incurred by non-employees traveling with the staff member or Board member, including room surcharges.
9. Fines for parking or traffic violations.

The amount currently withheld is 14.5% of the gross salary and Board paid Health Insurance. The district matches this percentage amount by contributing to the retirement fund.

All support staff are required by law to become members of the Public Education Retirement System (PEERS) of Missouri. The amount currently withheld is 6.86% of the gross salary and Board paid Health Insurance. The district matches this percentage amount by contributing to the retirement fund.

Staff Fringe Benefits (Policy GCBC/GDBC)

The Board recognizes that fringe benefits are an integral part of the total compensation plan for employees. The Board of Education provides fringe benefits to all professional staff members who work 30 hours or more per week by offering participation in a group insurance plan.

The school district provides as fringe benefits, certain allowable absences from duty as set forth in policies GCBDA and GCBDB. Employees serving the district on less than a full-time basis are eligible for these leave benefits on a prorated basis.

Insurance

The district makes available health insurance, life insurance, dental, vision, flexible spending and other ancillary benefits for eligible employees.

Health Savings Account

Health care can be quite expensive. In cooperation with Discovery Benefits, the district offers eligible employees the option of creating a tax exempt health savings account designed to help save money for health care expenses.

Flexible Benefits Plan

The district offers employees an opportunity to participate in a Section 125 Flexible Benefits Plan (a cafeteria plan). The plan year commences on July 1 of each year and runs through June 30 of the subsequent year. A Flexible Benefits Plan entitles employees to have certain qualified contributions subtracted from “before tax” gross wages, thus reducing the amount of taxes owed. Amount the qualified contributions are medical and dental premiums, dependent day care expense and unreimbursed medical and dental expenses

COBRA (Policy GCBC/GDBC)

In accordance with law, the district-sponsored health insurance or group health plan will allow for continuing coverage of employees and their spouses, former spouses or dependent children after certain qualifying events upon payment of the applicable premium. This obligation applies to both district-paid and employee-paid options. Qualifying events include, but are not limited to, employee resignation from the district, most situations involving employee termination and situations where an employee's hours have been reduced so that he or she no longer qualifies for district-paid health insurance or the group health plan. The district will provide notices as required by law.

Workers' Compensation (Policy GBEA)

All school employees are covered by worker's compensation insurance and are eligible for compensation for an injury incurred in the performance of their job. Any accident resulting in injury, no matter how minor, must be immediately reported your supervisor, who in turn will notify the Central Office.

Central Office will schedule a doctor's appointment if necessary. **It is very important that you do not schedule a doctor's appointment for work comp claims on your own.** If immediate emergency attention is necessary please go to the Capital Region Medical Center ER located at 1124 Madison Street in Jefferson City. Following any treatment, documents from medical providers must be submitted to the Central office.

Unemployment Insurance

On January 1, 1978, school districts in Missouri came under the Unemployment Act. The Board of Education elected for the Eldon R-I School District to be self-insured. Claims paid for eligible persons will be charged dollar for dollar to the school district. Please be aware that under Section 288.040 RSMo, **employees of school districts shall not be paid unemployment, based on services in an educational institution, for any week of unemployment during the period between two successive academic years or terms if the individual has reasonable assurance of employment in the forthcoming term.**

Liability Insurance

All employees are covered by the school district's general liability insurance policy concerning complaints, which may be brought for such things as personal injury or tort liability. Also the school has another policy which provides protection in the area of errors and omissions. Both policies will provide for legal defense and will pay judgments. All employees should be aware; however, that the policies may not afford any protection if one is suspected of or charged with any criminal activity. In other words, it is highly unlikely that any employee would not have adequate protection. The above named policies are in the amount of \$1,000,000 each.

Board Paid Health, Life and Long Term Disability Insurance

A group medical insurance program and a group life insurance policy is provided to full-time employees of the school system. An employee on unpaid leave for an entire pay period will be responsible for paying those benefits during that pay period, excluding unpaid leave taken under FMLA.

All permanent employees are covered under a long term disability plan.

An annuity is provided for those employees who elect not to take the group medical insurance.

Staff Members who have been approved to collect or keep money, should not keep money in desks, cabinets or in rooms overnight. Once money has been collected, the staff member should turn it in to the office at the end of each day. Money should be counted and verified. Staff Conduct (Policy GBCB)

The Board of Education expects that each professional and support staff member shall put forth every effort to promote a quality instructional program in the school district. In building a quality program, employees must meet certain expectations that include, but are not limited to, the following:

Prohibition Against Discrimination, Harassment and Retaliation (Policy AC)

The Eldon R-I School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. In accordance with law, the district strictly prohibits discrimination and harassment against employees, students or others on the basis of race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The Eldon R-I School District is an equal opportunity employer.

The Board also prohibits:

1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:
 - a) Make complaints of prohibited discrimination or harassment.
 - b) Report prohibited discrimination or harassment.
 - c) Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person's association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

Behaviors that could constitute sexual harassment include, but are not limited to:

1. Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.
2. Conditioning grades, promotions, rewards or privileges on submission to sexual favors, activities or contact.
3. Punishing or reprimanding persons who refuse to comply with sexual requests, activities or contact.
4. Graffiti, name calling, slurs, jokes, gestures or communications of a sexual nature or based on sex.
5. Physical contact or touching of a sexual nature, including touching of intimate parts and sexually motivated or inappropriate patting, pinching or rubbing.
6. Comments about an individual's body, sexual activity or sexual attractiveness.
7. Physical sexual acts of aggression, assault or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking) against a person's will or when a person is not capable of giving consent due to the person's age, intellectual disability or use of drugs or alcohol.
8. Gender-based harassment and acts of verbal, nonverbal, written, graphic or physical conduct based on sex or sex stereotyping, but not involving conduct of a sexual nature.

The Board designates the following individual to act as the district's compliance officer:

Director of Special Education
Eldon School District
112 South Pine Street
Eldon, MO 65026
Phone: 573-392-8003
Fax: 573-392-8928

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to the acting compliance officer:

Superintendent of Schools
Eldon School District

112 South Pine Street
Eldon, MO 65026
Phone: 573-392-8000
Fax: 573-392-8080

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Reporting and Investigating Child Abuse/Neglect (Policy JHG/GBLB)

The Eldon R-I School District and its employees will take action to protect students and other children from harm including, but not limited to, abuse and neglect, and will respond immediately when discovering evidence of harm to a child. Employees must cooperate fully with investigations of child abuse and neglect. The district prohibits discrimination, negative job action or retaliation against any district employee who in good faith reports alleged child abuse or neglect, including alleged misconduct by another district employee.

The Board of Education requires its staff members to comply with the state child abuse and neglect laws and the mandatory reporting of suspected neglect and/or abuse. Any school official or employee acting in his or her official capacity who knows or has reasonable cause to suspect that a child has been subjected to abuse or neglect, or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse or neglect, will immediately make a report to the school principal or designee, including any report of excessive absences that may indicate educational neglect. The school principal or designee will then become responsible for making a report via the Child Abuse and Neglect Hotline to the CD, as required by law. This policy does not preclude any employee from directly reporting abuse or neglect to the CD; however, the school official or employee must notify the school principal or designee immediately after making a report.

In accordance with law, if a student reports alleged sexual misconduct on the part of a school district employee to an employee of this district, the employee who receives the report and the superintendent shall forward the allegation to the CD within 24 hours of receiving the information.

Staff-Student Relations (GBH)

Staff members are expected to maintain courteous and professional relationships with students. All staff members have a responsibility to provide an atmosphere conducive to learning through consistently and fairly applied discipline and the maintenance of physical and emotional boundaries with students. These boundaries must be maintained regardless of the student's age, the location of the activity, whether the student allegedly consents to the relationship or whether the staff member directly supervises the student. Maintaining these boundaries is an essential requirement for employment in the district.

Although this policy applies to the relationships between staff members and district students, staff members who inappropriately interact with any child may be disciplined or terminated when the district determines such action is necessary to protect students.

Absolute Prohibitions

There are some interactions between staff members and students that are never acceptable and are absolutely prohibited including, but not limited to:

1. Touching, caressing, fondling or kissing students in a sexual or sexually intimate manner.
2. Dating a student or discussing or planning a future romantic or sexual relationship with a student. The district may presume that this provision has been violated if a staff member begins a dating or sexual relationship with a student immediately after graduation or immediately after a student has left the district.
3. Making sexual advances toward a student or engaging in a sexual relationship with a student.
4. Engaging in any conduct that constitutes illegal harassment or discrimination as defined in policy AC or that could constitute a violation of that policy if pervasive.
5. Engaging in any conduct that violates Board policies, regulations or procedures or constitutes criminal behavior.

Electronic Communication

Staff members are encouraged to communicate with students and parents/guardians for educational purposes using a variety of effective methods, including electronic communication. As with other forms of communication, staff members must maintain professional boundaries with students while using electronic communication regardless of whether the communication methods are provided by the district or the staff member uses his or her own personal electronic communication devices, accounts, webpages or other forms of electronic communication. The district's policies, regulations, procedures and expectations regarding in-person communications at school and during the school day also apply to electronic communications for educational purposes, regardless of when those communications occur. Staff communications must be professional, and student communications must be appropriate. Staff members may only communicate with students electronically for educational purposes between the hours of 6:00 a.m. and 10:00 p.m. Staff members may use electronic communication with students only as frequently as necessary to accomplish the educational purpose.

When communicating electronically with students for educational purposes, staff members must use district-provided devices, accounts and forms of communication (such as computers, phones, telephone numbers, e-mail addresses and district-sponsored webpages or social networking sites), when available. If district-provided devices, accounts and forms of communication are unavailable, staff members communicating electronically with students must do so in accordance with number two below. Staff members may communicate with students using district-provided forms of communication without first obtaining supervisor approval. These communications may be monitored. With district permission, staff members may establish websites or other accounts on behalf of the district that enable communications between staff members and students or parents/guardians. Any such website or account is considered

district sponsored and must be professional and conform to all district policies, regulations and procedures.

A staff member's supervisor may authorize a staff member to communicate with students using the staff member's personal telephone numbers, addresses, webpages or accounts (including, but not limited to, accounts used for texting) to organize or facilitate a district-sponsored class or activity if the communication is determined necessary or beneficial, if a district-sponsored form of communication is not available, and if the communication is related to the class or activity. The district will provide notification to the parents/guardians of students participating in classes or activities for which personal electronic communications have been approved. Staff members may be required to send the communications simultaneously to the supervisor if directed to do so. Staff members are required to provide their supervisors with all education-related communications with district students upon request.

Staff use of any electronic communication is subject to the district's policies, regulations and procedures including, but not limited to, policies, regulations, procedures and legal requirements governing the confidentiality and release of information about identifiable students. Employees who obtain pictures or other information about identifiable students through their connections with the district are prohibited from posting such pictures or information on personal websites or personal social networking websites without permission from a supervisor.

The district discourages staff members from communicating with students electronically for reasons other than educational purposes. When an electronic communication is not for educational purposes, the section of this policy titled "Exceptions to This Policy" applies, and if concerns are raised, the staff member must be prepared to demonstrate that the communications are appropriate. This policy does not limit staff members from communicating with their children, stepchildren or other persons living within the staff member's home who happen to be students of the district.

Reporting

Any person, including a student, who has concerns about or is uncomfortable with a relationship or activities between a staff member and a student should bring this concern immediately to the attention of the principal, counselor or staff member's supervisor. If illegal discrimination or harassment is suspected, the process in policy AC will be followed. Any staff member who possesses knowledge or evidence of possible violations of this policy must immediately make a report to the district's administration. All staff members who know or have reasonable cause to suspect child abuse shall immediately report the suspected abuse in accordance with Board policy. Staff members must also immediately report a violation or perceived violation of the district's discrimination and harassment policy (AC) to the district's nondiscrimination compliance officer. Staff members may be disciplined for failing to make such reports.

The district will not discipline, terminate or otherwise discriminate or retaliate against a staff member for reporting in good faith any action that may be a violation of this policy.

Technology Use (Policy EHB)

The Eldon R-I School District's technology exists for the purpose of enhancing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to

ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students.

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology. Because technology changes rapidly and employees and students need immediate guidance, the superintendent or designee is directed to create procedures to implement this policy and to regularly review those procedures to ensure they are current.

The district's technology resources may be used by authorized students, employees, School Board members and other persons approved by the superintendent or designee, such as consultants, legal counsel and independent contractors. All users must agree to follow the district's policies and procedures and sign or electronically consent to the district's User Agreement prior to accessing or using district technology resources, unless excused by the superintendent or designee.

Use of the district's technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources including, but not limited to, voice mail, telecommunications, e-mail and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with e-mail access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology.

Electronic communications, downloaded material and all data stored on the district's technology resources, including files deleted from a user's account, may be intercepted, accessed, monitored or searched by district administrators or their designees at any time in the regular course of business. Such access may include, but is not limited to, verifying that users are complying with district policies and rules and investigating potential misconduct. Any such search, access or interception shall comply with all applicable laws. Users are required to return district technology resources to the district upon demand including, but not limited to, mobile phones, laptops and tablets.

The district will monitor the online activities of minors and operate a technology protection measure ("content filter") on the network and all district technology with Internet access, as required by law. In accordance with law, the content filter will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography. Content filters are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evading or disabling, or attempting to evade or disable, a content filter installed by the district is prohibited.

The district's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district's webpage will provide information about the school district, but will not be used as an open forum.

Tobacco Free District (Policy AH)

To promote the health and safety of all students and staff and to promote the cleanliness of district property, the district prohibits all employees, students and patrons from smoking or using tobacco

products in all district facilities, on district transportation and on all district grounds at all times. This prohibition extends to all facilities the district owns, contracts for or leases to provide educational services, routine health care, daycare or early childhood development services to children.

Drug Free Workplace (Policy GBEBB)

Student and employee safety is of paramount concern to the Board of Education. In recognition of the threat to safety posed by employee use or possession of drugs or alcohol, the Board of Education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The Board of Education shall not tolerate the manufacture, use, possession, sale, distribution or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any district property; on any district-approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or is otherwise engaged in school district business.

When it is evident that an employee has consumed alcoholic beverages or controlled substances off school property before or during a district activity, the staff member will not be allowed on school property or to participate in the activity and will be subject to the same disciplinary measures as for possession or consumption on district property.

Staff members will be tested for alcohol and controlled substances if the district has reasonable suspicion that the staff member has violated this policy. In addition, staff members who operate district transportation must submit to alcohol and drug testing as otherwise required by law. All testing will be conducted in accordance with Board policy, administrative procedures and law.

Staff members are charged with the responsibility of strict adherence to any medical advice concerning activities restrictions in the work place while under the influence of prescription drugs.

Employee Alcohol and Drug Testing (Policy GBEBG)

No employee may manufacture, use, possess, sell, distribute or be under the influence of alcohol or drugs in violation of the district's Drug-Free Workplace policy. All employees may be tested for alcohol and drugs if the district has reasonable suspicion that the employee has consumed alcohol or drugs in violation of Board policy.

In addition to the drug testing provisions applicable to all employees, the Eldon R-I School District, which employs operators of commercial motor vehicles ("drivers"), is required to implement a drug and alcohol testing program that fulfills federal requirements. The district will use laboratories certified by the U.S. Department of Health and Human Services to conduct drug specimen analysis. This comprehensive program shall include conducting pre-employment drug testing and reasonable suspicion, random and post-accident testing for use of alcohol or drugs by drivers; notifying drivers of the requirements and consequences of the program; maintaining appropriate records; and complying with Missouri Department of Revenue's reporting requirements.

As required by law, no driver shall report for duty within four (4) hours of using alcohol. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident or until he or she undergoes a post-accident alcohol test, whichever comes first.

Records of drug and alcohol tests and other related records shall be made available to a subsequent employer only as expressly requested in writing by the employee.

Hazardous Materials (Policy EBAB and EBAB-AP1)

To promote the health and safety of the students, staff and patrons of the district, and to ensure that hazardous materials are handled appropriately, the Board of Education of the Eldon R-I School District directs the administration, under the guidance of the superintendent, to develop procedures that address the purchase, storage, handling, transportation and disposal of hazardous materials for all school facilities and operations of the district.

The Board directs district staff to avoid using hazardous materials to the extent feasible and to minimize the quantities of such substances used by or stored in the school district. In addition, district employees shall follow the procedures developed by the administration and shall take the necessary precautions recommended by manufacturers' warnings when handling or transporting hazardous materials.

The procedures developed by the administration shall comply with all local, state and federal laws and regulations that pertain to the proper management of hazardous materials. The superintendent or designee is responsible for identifying any substances that may be hazardous and ensuring such substances are properly disposed in a state-approved facility or landfill.

Communicable Diseases (Policy EBB)

The Eldon R-I School District School Board recognizes its responsibility to protect the health of students and employees from the risks posed by communicable diseases. The Board also has a responsibility to protect individual privacy, educate all students regardless of medical condition and treat students and employees in a nondiscriminatory manner.

Students or employees with communicable diseases that pose a risk of transmission in school or at school activities (such as, but not limited to, chicken pox, influenza and conjunctivitis) will be managed as required by law and in accordance with guidelines provided by the Department of Health and Senior Services (DHSS) and local county or city health departments. Such management may include, but is not limited to, exclusion from school or reassignment as needed for the health and safety of students and staff. Students or employees infected with chronic communicable diseases that do *not* pose a risk of transmission in school or at school activities (such as, but not limited to, hepatitis B virus or HIV) shall be allowed to attend school or continue to work without any restrictions based solely on the infection.

There are certain specific types of conditions that could potentially be associated with transmission of both blood borne and non-blood borne pathogens. In the case of students, certain types of behaviors, such as biting or scratching, may also be associated with transmission of pathogens. Students who exhibit such behaviors or conditions may be educated in an alternative educational setting or, if appropriate, disciplined in accordance with the discipline code. In the case of a student with a disability, the Individualized Education Program (IEP) team or 504 team will make any change of placement decisions. Employees who exhibit such conditions will not be allowed to work until the condition is resolved or appropriately controlled in a way that minimizes exposure.

The superintendent or designee shall ensure that confidential student and employee information is protected in accordance with law. Medical information about an individual, including an individual with HIV, will only be shared with district employees who have a reasonable need to know the identity of the individual in order to provide proper health care or educational services.

Staff Health and Safety (Policy GBE)

The health and safety of all district personnel is of vital importance to the school district. The Board will seek to provide safe working conditions for all staff members, and will give prompt consideration to those conditions that may present a threat to the health and safety of staff members. The district will respond to employee requests for reasonable accommodations when an employee has a disability as defined by Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act (ADA). All employees will receive annual training on universal precautions and the district's communicable disease policy. The district will only make medical inquiries, require physical exams or keep medical information on an employee in accordance with law.

ATTENDANCE LEAVES AND ABSENCES (Policy GCBDA/GDBDA)

The regular classroom teacher is considered the most vital factor in quality education and his/her presence in the classroom is crucial. To offer a quality educational program, regular attendance of all employees is important.

Request to be absent from any duty during the time school is in session should receive serious consideration. Requests for absences, without pay, in excess of two (2) days must be approved by the Superintendent of Schools. If an employee is aware in advance of an absence, a request to their immediate supervisor should be submitted in writing. If an absence cannot be pre-arranged, the employee must contact their immediate supervisor as soon as possible. The absence shall be recorded in writing and submitted to the immediate supervisor when the employee returns to duty. All leave time will be taken in ½ or full day increments.

*Absences which do not qualify for paid leave time nor as professional leave shall not be approved in excess of five (5) days per year. Absences by employees in excess of five (5) day per year, for unauthorized purposes, while school is in session, shall be considered unreasonable absences and the teacher may be subject to dismissal under Section 169.114, Missouri Statutes in compliance with the Teacher Tenure Law.

Any pay deductions for absences from duty will be pro-rated on the basis of the total number of days contracted. (Ex: for each absence, 1/184th of the total contract will be deducted for personnel on a regular salary schedule; 1/198th for each day absent of ten (10) month personnel; 1/220th for each day absent of ten and one-half month personnel; 1/230th for each day absent of eleven (11) month personnel who are contracted on a calendar month basis and 1/260th for each day absent of twelve (12) month personnel.

Staff Short Term Leaves and Absences

Various types of leave are available for employees who must be absent from work for a short period of time. The following leaves are provided to full –time employees. Part-time employees receive these leaves on a pro rata basis. Paid leave is prorated for employees not working a full year.

Sick Leave

All professional & support staff employees, whether their assignments call for 12 months of full-time employment or a nine-month work year, will receive one day of sick leave for each month worked, with nine-month employees receiving one additional sick day per year. Unused sick leave will be cumulative to 60 sick leave days. Sick leave cannot be used for personal or vacation days.

Personal days

Each employee will receive two personal days per year and may request up to five days of personal leave per year for whatever reason the employee may wish to transact personal business. The employee will not be required to state a reason for the request. Whenever possible, a request should be made in writing to the designated administrator at least 48 hours in advance of the leave time. However, 30 days' notice is required by law if the leave qualifies as FMLA leave and such notice is practical. A personal day before or after a holiday may not be used to extend an employee's holiday or be used for travel time. A personal leave day may not be used during the first or last week of school or during times when the number of requests prevents a building administrator from securing acceptable substitutes. Unused personal leave will be cumulative to five personal days. Any unused personal leave days will be added to an employee's accumulated sick leave. Extenuating circumstances will be referred to the superintendent.

Absences may be charged against personal leave for court appearances, unless applicable law or policy provides for paid leave, and for leaves authorized by law, policy or the board that would otherwise be unpaid including, but not limited to, leave under the FMLA.

A district employee may not use personal leave days during the period the employee receives Workers' Compensation for time lost to work-related incidents.

Donation of leave to other employees is not allowed.

Vacation

All regular 12-month employees of the school district receive two weeks of vacation with pay each year. Regular 12-month employees who have been employed in excess of five years will receive three weeks of vacation with pay each year. Vacation leave will be pro-rated based on a full year of service.

Bereavement Leave

When a death occurs in an employee's immediate family, employees may take up to five days off with pay to attend the funeral or make funeral arrangements. The district may require verification of the need for the leave. The Board defines "immediate family" to include:

- ▶ The employee's spouse;
- ▶ The following relatives of the employee or the employee's spouse: parents, children, children's spouses, grandparents, grandchildren; siblings and any other family member residing with the employee.
- ▶ Any other person over whom the employee has legal guardianship or for whom the employee has power of attorney and is the primary caregiver.

After the exhaustion of the five days of bereavement leave, the employee may use personal leave. One day of bereavement/funeral leave shall be allowed for other than immediate family.

The district will grant paid and unpaid holidays in accordance with the academic calendar adopted by the Board. Employees working in the summer solely for summer school will not be paid for Memorial Day or Independence Day.

The district reserves the right to require employees to work on a holiday if the district determines it necessary to use the holiday as a make-up day for a previously canceled school day. If this occurs, the employee will not receive an additional paid day off. With the exception of Independence Day, an employee will not be paid for a holiday if the employee takes vacation or personal leave immediately before or after the holiday unless extenuating circumstances are approved by the superintendent.

Requests for such leave must be made prior to Election Day, and the employee's supervisors will designate when during the workday the leave should be taken. Any employee who properly requests leave to vote and uses the leave for that purpose will not be subject to discipline, termination or loss of wages or salary.

Jury Duty Leave

An employee will be granted paid leave for time spent responding to a summons for jury duty, time spent participating in the jury selection process or time spent actually serving on a jury. An employee will not be terminated, disciplined, threatened or otherwise subjected to adverse action because of the employee's receipt of or response to a jury summons.

Coast Guard Auxiliary Leave

Employees who are members of the United States Coast Guard Auxiliary will be granted an unpaid leave of absence for periods during which they are engaged in the performance of United States Coast Guard or United States Coast Guard Auxiliary duties, including travel related to such duties, when authorized by the director of auxiliary or other appropriate United States Coast Guard Authority. Leave may be taken intermittently or on a reduced work schedule. Two workweeks of unpaid leave will be available in a 12-month period, except that employees of districts with fewer than 50 employees but at least 20 employees will be limited to one workweek of unpaid leave. Employees may use accumulated paid leave or compensatory time concurrently with unpaid VESSA leave. VESSA leave does not create a right for employees to take unpaid leave that exceeds the amount of unpaid leave time under FMLA. Employees are required to give 48 hours' notice of the need for leave unless such notice is not practicable. The district may require certification of the need for leave, which may include documentation from an entity aiding the victim, a police or court record, or other corroborating evidence. Information provided by the employee in conjunction with the use of this leave will be confidential in accordance with law.

Pregnancy, Childbirth and Adoption Leave

This section creates no rights extending beyond the contracted period of employment. FMLA certification and recertification procedures apply to FMLA-eligible employees. An employee must notify the district of the need for and anticipated duration of the leave at least 30 days before leave is to begin, if foreseeable. If 30 days' notice is not practical, the employee must give as much notice as possible. A pregnant employee shall continue in the performance of her duties as long as she is able to do so and as long as her ability to perform her duties is not impaired, based on medical opinion.

Employees eligible for FMLA leave for the birth, first-year care, adoption or foster care of a child will have such leave applied in accordance with the FMLA. The district shall only apply up to six weeks of accrued paid leave to such absences.

Employees who are ineligible for FMLA leave may take up to six weeks of leave for the birth, first-year care, adoption or foster care of a child and may use any combination of accrued sick leave, personal leave, vacation leave or unpaid leave.

Pregnant employees who need more than six weeks of paid or unpaid leave for a pregnancy-related incapacity must provide certification of the medical necessity for such leave.

On-the-Job Incentive Plan (Policy GCBDA/GDBDA)

All Eldon employees falling under this personnel absence and leave policy will be covered under an on-the-job incentive plan, which operates as follows:

Employees with an accumulated balance of over 60 sick and personal days on June 30 will receive a stipend on the first business day of July. Employees who do not complete their contracts or who terminate employment prior to June 30 are not eligible to receive on-the-job incentive pay for the immediately preceding school year.

Unused sick and personal leave over 60 days will be paid at the current teacher substitute rate for a full-time employee (7½-hour day). Employees who work less than 7½ hours per day will receive payback at a prorated amount.

Days absent from work will be determined by the number of sick and personal leave days taken during an employee's annual scheduled work year. Unused personal days will accumulate first as personal leave up to five days then as sick leave. Donated days (sick leave pool) will also be deducted from the on-the-job plan.

Days for which payback is received may be retained up to a cumulative balance of 60 days. Leave days used and/or donated will be deducted from the current year's available balance before accumulated leave days from previous years may be used.

Available grandfathered sick leave will be used to replenish an employee's sick leave balance, up to 60 days, at the beginning of each fiscal year prior to adding days to the new year sick leave.

- Employees who retire because of disability are entitled to full sick leave pay.
- Payout shall be prorated for employees working less than full time, based on scheduled hours at time of retirement.

COMPLAINTS AND GRIEVANCES

Staff Grievances (Policy GBM)

The Eldon R-I School District is interested in employee concerns and ideas for improving the district. District employees are encouraged to discuss concerns with supervisors and the administrative staff so that issues may be addressed in a timely fashion. Because violations of Board policies, regulations and

collective bargaining agreements are particularly problematic, the Board has developed this formal process for addressing these grievances. Grievance processing should be viewed as a positive and constructive effort to establish the facts upon which the grievance is based and to accurately implement Board policies, regulations or collective bargaining agreements. The Board strictly prohibits discrimination or retaliation against an employee for filing a grievance and directs all district employees to cooperate in the grievance process. If more than one (1) district grievance process might apply to a particular concern, the superintendent or designee will decide which process will govern. If any part of a grievance includes allegations of illegal discrimination or harassment, or if the grievance is factually similar to a complaint filed by the same employee regarding illegal discrimination or harassment, the entire grievance will be resolved in accordance with policy AC. (Please see Policy GMB for more information on the Grievance process.)

8. Gender-based harassment and acts of verbal, nonverbal, written, graphic or physical conduct based on sex or sex stereotyping, but not involving conduct of a sexual nature.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is

unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

SAFETY (Policy EB and EBC)

The Board recognizes the necessity for a planned safety program to create a safe environment for the students attending, and for the professional and support staff employed by the school district. The maintenance of healthful and safe conditions throughout the school district is a responsibility shared by the Board, superintendent and all professional and support staff.

Every attempt will be made to meet safety and health standards established by state and federal laws and regulations. The cooperation of school, home and community in providing a safe and healthful environment is encouraged by the Board.

Safe practices will be a scheduled part of instruction in the classrooms, laboratories and school shops. Proper supervision of students and other citizens using the school facilities will be required. Hazardous conditions indicated by inspectors will be reported to the Board and corrected. Each building administrator will develop and implement a safety program, report hazardous conditions to the superintendent and hold employees and students responsible for the observance of all safety rules and procedures.

As part of the implementation of the district's adopted crisis intervention plan, the superintendent or designee has the responsibility for developing and maintaining the district's emergency preparedness plans and emergency drill schedules.

The superintendent or designee, in cooperation with the building principals, will develop emergency drills for fires, tornados, bus emergencies, bomb threats and armed intruder/active shooter situations. Additional emergency drills may be developed and practiced at the discretion of the superintendent. Instruction on all emergency drills shall be given early in the school year, and emergency drills shall be held regularly throughout the year. The district will conduct emergency drills as required by law and policy and will ensure that the number of emergency drills conducted are sufficient to give instruction and practice in proper actions by staff and students during lockdown, shelter-in-place and evacuation. Emergency exiting procedures will be posted near the door in each building.

GENERAL PROCEDURES

Student Discipline (Policies JFCF, JG, JG-R, JGA, JG, JGD, JGE and JGF)

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students. The district's comprehensive written code of conduct can be found in the policies above.

Student Records (Policy JO and JO-AP-1)

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain extensive and sometimes personal information about students and families. These records must be kept confidential in accordance with law, but must also be readily available to district personnel who need the records to effectively serve district students. The superintendent or designee will provide for the proper administration of student records in accordance with law, develop appropriate procedures for maintaining student records and standardize procedures for the collection and transmittal of necessary information about individual students throughout the district. The superintendent and building principals will develop a student records system that includes protocols for releasing student education records. Principals are responsible for maintaining and protecting the student education records in each school. The superintendent or designee will make arrangements so that all district employees are trained annually on the confidentiality of student education records, as applicable for each employee classification.
