#### NEEDS ASSESSMENT: SCHOOL PROFILE

#### Student Demographics

The following data regarding student demographics has been collected, retained, and analyzed:

- Enrollment (Required)
- ✓ Grade level (Required)
- Ethnicity (Required)
- Attendance (Required)
- ✓ Mobility (Required)
- ✓ Socioeconomic status (Required)

We also have a therapy dog that we believe helps our students feel more comfortable at school. We have implemented Second Steps to help with behavior.

## **Student Achievement**

The following data regarding **student achievement** has been collected, retained, and analyzed:

- MAP results by content area and grade level, including multi-year trends (required)
- MAP results by ESEA Annual Measurable Objective: comparative data showing performance of disadvantaged students against all other meaningful categories of students in the school; comparison of performances of students in various subgroups (required)
- Completion rates: promotion/graduation rate, retention rates (if applicable)
- Opst-Secondary trends: students attending and/or completing post-secondary schools, students accepted in the armed forces (if applicable)
- Other performance indicators used in analysis:

| - 1 |  |  |  |  |  |  | / |
|     |  |  |  |  |  |  |   |

Summarize the analysis of data regarding **student achievement**:

Strengths:

Our academic scores are at an all-time high. Our demographics rank our school at 301. Our academic scores rank us in the top 100 schools in the state. South Elementary School is a PK-2 school. We look at our iReady data compared to the national averages and we consistently perform better than the national averages.

#### Weaknesses:

We are always looking to improve the reading ability of our students. All of our staff were trained in Really Great Reading this past year to help our students improve their literacy skills.

Indicate needs related to strengths and weaknesses:

The district will work to improve interventions by using Really Great Reading intervention strategies. We will then monitor our iReady data to see if we are getting the results.

#### **Curriculum and Instruction**

Data has been collected, retained, and analyzed regarding each of the following factors of curriculum and instruction at the school:

- Learning expectations
- ✓ Instructional program
- Instructional materials
- ✓ Instructional technology
- ✓ Support personnel

Summarize the analysis of data regarding curriculum and instruction:

#### Strengths:

We utilize Wonders, Go Math, and iReady. All of those programs provide quality curriculum. Our teachers have an hour every Wednesday to coordinate instructional activities. Our teachers also have a common planning period which allows them to collaborate at that time.

## Weaknesses:

Finding the right interventions for each student to help them succeed.

Indicate needs related to strengths and weaknesses:

The district will continue to identify the interventions that students need to be successful and will work together to implement those interventions.

### **High Quality Professional Staff**

Data has been collected, retained, and analyzed regarding each of the following factors of a high quality professional staff:

- ✓ Staff preparation
- ✓ Core courses taught by appropriately certified teachers
- ✓ Staff specialists and other support staff
- Staff demographics
- School administrators

Summarize the analysis of data regarding **high quality professional staff**:

Strengths:

Administrators are high quality. Staff are from the area and understand the demographics of our community. Support staff are also from the area and understand the needs of our students. Staff are certified.

#### Weaknesses:

New staff members need extra support that we provide.

Indicate needs related to strengths and weaknesses:

The district will provide mentors for our new staff members. We will also continue to provide early release Wednesdays to help with professional development.

#### **Family and Community Engagement**

Data has been collected, retained, and analyzed regarding each of the following factors of family and community engagement at the school:

- ✓ Parental involvement
- Communication with parents
- ✓ Policy Involvement
- Parent education
- ✓ Support for special needs and underserved

#### Strengths:

We have great attendance from parents in our Literacy and Family nights. Parents are encouraged to read with their child every night for twenty minutes. Staff send home weekly letters with parents and email parents. Parent teacher conferences are well attended.

### Weaknesses:

Our students with the highest needs sometimes have the least support at home. We then have to make sure to get those students enrolled in our afterschool program and our summer school activities.

Indicate needs related to strengths and weaknesses:

We will make home visits before school with our students that need the most support so that we can build better relationships with our families.

## **School Context and Organization**

Data has been collected, retained, and analyzed regarding each of the following factors of school context and organization at the school:

- School mission/vision
- ✓ Average class size
- ✓ School climate
- Management and governance
- Student discipline policy

Summarize the analysis of data regarding school context and organization:

Strengths:

We give staff surveys every two years. We analyze that data and make the necessary changes. This has been very positive with the staff.

#### Weaknesses:

Our only weakness identified is that we have 18 students in preschool with a teacher and a paraprofessional. Our preschool teachers would like to limit that number to fifteen but that would have more students on the waiting list.

Indicate needs related to strengths and weaknesses:

We will provide better training for our paraprofessionals to help with the students in our preschool program.

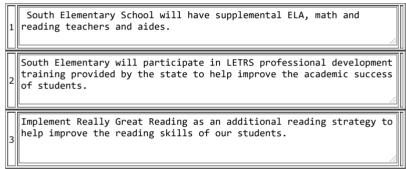

#### **NEEDS ASSESSMENT: IDENTIFYING PRIORITIES**

"In most schools, conducting a comprehensive needs assessment will result in the identification of a large number of issues that could be addressed to improve the achievement of students. However, no school should attempt to address every identified need in a single year. Most planning experts suggest that schools prioritize their major issues and address no more than three of the most important..."
