The Missouri Virtual Instruction Program (MOVIP) transitioned to the Missouri Course Access and Virtual School Program (MOCAP) as a result of updates to Section 161.670, RSMo. Information about state funding for students enrolled in virtual education can be found in Section 162.1250, RSMo. Missouri students may enroll in MOCAP courses for the fall and spring semesters. MOCAP is not available in the summer.

### What Is a MOCAP Course?

Section 162.1250, RSMo sets out the requirements for all virtual courses. Not all virtual courses are approved MOCAP courses. Courses listed on the MOCAP Course Catalog have been checked for compliance by the Department of Elementary and Secondary Education (DESE). The local education agency (LEA) must vet all other virtual courses to ensure that statutory requirements have been met. In order for students to enroll in MOCAP courses, LEAs must have a secure method to send a student's MOSIS ID and date of birth to courseware providers.

MOCAP courses have been through a stringent review process, including:

- Course alignment to Missouri Learning Standards
- Web Content Accessibility Guidelines (WCAG 2.0)
- Data security review
- Missouri appropriately certificated teachers
- College Board approval of Advanced Placement (AP) courses in the catalog

### MOCAP providers have agreed to:

- reporting requirements (including course completion and learning gains)
- invoicing requirements
- a price cap of 7% per semester and 14% per year, per course, based on the June State Adequacy Target

### **Course Catalog**

MOCAP's course catalog link, <u>mocap.mo.gov/catalog/</u> displays contact information for providers to be contacted directly to register for courses.

### **MOCAP Policies**

An LEA shall inform parents of their child's right to participate in the program. Availability should be made clear in the parent handbook, registration documents, and featured on the LEA's homepage.

Individual Learning Plans (ILP) or Individual Career and Academic Plans (ICAP) Students taking more than two MOCAP courses must have an individualized learning plan maintained in the LEA's student records. An LEA may develop its own learning plan for students or use the ICAP that is available through the Office of College and Career Readiness under School Counseling.

### ICU Database

At the Middle School we use a program called the ICU Database. This program allows us to notify yo through text message and email that your student is missing an assignment. The term ICU may seem alarming to some, but the intention is to take students' work as seriously as we take their health. Missing assignments devastate a grade in much the same way that a virus devastates the immune system.

When we place a student on "the list," not only are you notified, but the entire staff can see that the student needs to complete an assignment. Now instead of one teacher being responsible for caring about the missing assignment, the entire building (including coaches, counselor, tutors, etc.) can help to guide the student's grade back to good health.

The fundamental goal of this program is to build an army of support behind the students. We want to keep you informed of your students' progress in real time. To do this we are asking you to give us the best phone number and email addresses to contact you. If you have another person that is better to contact feel free to list their number or email instead. Please know that when a student is on the list they are not "in trouble", rather it allows both parents and the school to take preventative action from failing grades

Dear Parents/Guardians,

The Eldon R-I School District has partnered with Central Ozarks Medical Center to offer medical services through a school- based health clinic to all of our students. This clinic is housed in the Tornado Shelter between South Elementary and Upper Elementary, but most services will be provided in the nurse's office at each school. Jillynn Hull, Family Nurse Practitioner, will provide these services under the supervision of COMC's pediatrician, Dr. Kristin Theobald-Hazel & family practice physician, Dr. Jamie Thomas . Jillynn can provide a complete range of medical services for your child, from urgent care when they become sick at school to monitoring chronic conditions, such as asthma. Additionally, Jillynn is able to write prescriptions. All of these services will be offered to our students at **no cost to the family!** 

Should your child become sick at school, they will follow normal procedures and see our school nurses. If the school nurse feels that further treatment is necessary, you will be contacted and upon your approval, the nurse will contact Jillynn. Our hope is that this provides our students with fast, consistent and economical access to health care so they can focus on what's important... growing in their education!

COMC is a local non-profit organization that has worked to meet the health care needs of our community and the surrounding area since 1979. This program will provide any pre-registered child an opportunity to receive medical services at school during normal school hours.

There will never be any treatment provided to your child without your consent. Should your child need to be seen by Jillynn, you (or another person you have identified on the registration forms) will be called prior to any care occurring, and you always have the option of being present during care. You will also receive a summary of any care your child receives, and any prescriptions or other referrals your child needs. If you indicate on the form the name of your child's medical provider, we will provide records of any visit your child has at the school to that medical provider. We will bill your child's insurance, if any, for the services they receive, but any remaining balance WILL NOT be billed to the parents/guardians.

We look forward to working with you to provide the best possible medical health services for your child. The COMC clinic will also be open during the summer months. Office hours are Monday-Friday 8am - 4pm. To schedule an appointment for your child with Jillynn, please call the school- based health clinic at 573-392-8056.
